

## THE WEATHER.

Fair tonight and Wednesday; little change in temperature.

VOLUME 98—NUMBER 98

DRASTIC STEPS  
TO BE TAKEN TO  
CONSERVE COALRegional Directors Will  
Urge Embargo and  
Train Curtailment.MILLIONS MAY BE THROWN  
OUT OF WORK BY ORDERRail Director To Hold Conference  
Late Today at  
Chicago.

Chicago, Nov. 18.—Director General of Railroads Walker D. Hines and seven regional directors will meet here late today to consider a nation wide freight embargo as a means of conserving the country's meager supply of coal. Mr. Hines is expected to arrive in Chicago this afternoon.

The condition growing out of the emergency were informally discussed this morning by the regional directors who planned to have a definite program ready to submit to the director general. An embargo on all freight on the Chicago, Milwaukee and St. Paul railroad between Chicago and the Pacific coast has been in effect since Saturday.

If Director General Hines approves the recommendations of his regional directors an order may be issued immediately which will mean:

A 40 per cent cut in passenger train service throughout the country.

Closing down of all non essential industries.

Fifteen million workmen thrown out of employment.

"The situation is extremely serious and immediate action is necessary," said R. H. Aishton, regional director of the northwestern roads. "The railroads are vital to the business life of the nation and they must be kept going. Radical action must be taken."

His judgment is that a general embargo is the only way to meet the emergency.

ELECTRIC SIGNS DARK  
TO SAVE COAL SUPPLY

Indianapolis, Ind., Nov. 18.—With coal miners of the country still refusing to return to work, drastic orders for curtailment of fuel have gone into effect throughout Indiana.

Reports from over the state today were to the effect that an order issued by the Indiana public service commission to discontinue service for electric signs, show windows illumination, fountains and other non-essential uses of gas, water and electricity, had been generally carried out. In Indianapolis the streets presented the appearance of the lightless nights of earlier times.

The commission's orders provides for immediate discontinuance of service to all consumers who violate the order.

In the coal fields there was no change in the situation, the mines remaining firm in their refusal to return to work pending satisfactory developments at the Washington conference.

SUGGEST EMBARGO  
TO CONSERVE COAL

Chicago, Nov. 18.—Further drastic steps to conserve the steadily dwindling coal supply of the country today were in prospect. Brought to full realization of the condition, the mines remaining firm in their refusal to return to work, approximately 400,000 bituminous coal miners who went on strike more than two weeks ago continue to remain idle, Walker D. Hines, federal director general of railroads is on his way here to discuss with seven regional directors the placing of a national freight embargo.

Extensive mining properties in Kansas today were in the hands of receivers. Proceedings had been requested against Ohio mines that would bring them under state control, along with the North Dakota lignite mines.

Except for North Dakota, Wyoming and some Alabama and West Virginia mines, production throughout the country was reported as not bettered since the initial day of the walkout. The workers generally were said to be disregarding the strike recall order and to be awaiting an agreement by the operators and miners leaders at Washington.

A general embargo is the only way to handle the situation, said R. H. Aishton, director of the northwest railroad region.

Only from 10 to 12 days supply of fuel today was available for rooming of the central western region, according to F. E. Clarity, assistant director of the area.

Should a general embargo be placed it would result in a large reduction of the present passenger service. Said Mr. Aishton.

"I think it would be at least 40 per cent of trains running now," he added. "The tremendous seriousness of the situation cannot be minimized. The effect of the embargo would be as far reaching as the fuelless days of the winter of 1917-18."

Meanwhile the situation in the Tennessee-Kentucky mines where many of the union workers had returned after the strike formally was called off was further complicated by a new walkout pending an agreement by the miners-operators conference at Washington.

In Colorado, where the union miners were among the first to resume operations, a strike effective Friday was called unless all striking miners were reinstated. Production in Colorado was reported as nearly normal.

Of 40 trains annulled yesterday, making the total taken off since the national strike was called 106, the majority were on the Chicago, Milwaukee and St. Paul railroad.

ENGLAND APPOINTS  
NEW AMBASSADORS  
TO JAPAN, POLAND

Sir Charles N. E. Eliot, above, and Sir Horace Rumbold.

Sir Charles N. E. Eliot has just been appointed ambassador to Japan by Great Britain. The post is considered the most important of all British diplomatic assignments. Sir Eliot is suited for the work because of his wide experience in occidental and oriental statescraft. He is known in the U. S. having served at one time as secretary of the British embassy in Washington. Sir Horace Rumbold was appointed British ambassador to Poland recently.

KICK ON 8 CTS.  
NOW PAY 25 CTS.Voters Oust Toledo Street  
Cars and Council Gives  
Bus Drivers Increase  
For Night Service.

Toledo, Nov. 18.—Toledo's night workers who, two weeks ago today, voted to oust the trolley cars from the streets because they were obliged to pay six cents fare and two cents for a transfer, began this morning to pay 25 cents to get to and from their work between the hours of midnight and 5 a. m.

City council last night passed an ordinance under pressure of volunteer bus drivers' petitioning an increase from 10 cents to 25 cents for "owl" service. The city law making body took no further action in the car problem.

Hundreds of the workmen at the Toledo shipbuilding company, the Willys-Overland company and other companies engaged in filling government contracts are hit by the increase.

Toledo has been without street car service since midnight November 8, since which time an improvised bus system has been devised by Mayor Corbett Schreiber who introduced the ordinance that resulted in the summary withdrawal of Henry L. Doherty's vehicles.

With the arrival of cold and inclement weather many of the volunteer bus drivers have quit operating, some claiming they cannot make the long runs at a profit with the fare at 10 cents.

Invitations were sent today to all labor unions, fraternal organizations, railroad brotherhoods and improvement associations to send representatives to a mass meeting Friday night when an attempt will be made to devise some means of settlement.

City law officials and attorneys for the traction interests are working on the valuation of the company's property preparatory to drafting a municipal ownership ordinance to be submitted to the voters at a special election. No progress has been reported.

COAL SHORTAGE WILL  
CLOSE COTTON MILLS

Atlanta, Ga., Nov. 18.—Closing down of numbers of cotton mills and other manufacturing plants in the south within a few days was foreseen today in an order of the regional coal committee of the railroad administration discontinuing their supplies of coal. The order, effective today was stated as "imperatively necessary because of the failure of the miners in the country's great coal producing regions to return to work."

EMBARGO WILL CLOSE  
OHIO STEEL PLANTS

Youngstown, Nov. 18.—Steel mills of the Mahoning valley would have to close within 10 days under a general freight embargo, officials said today. The local fuel director says that the district has less than 10 days' supply of fuel, including domestic supply.

OPERATORS DELAY  
WAGE CONFERENCE  
PLAN NOT READYWant to Know How Much  
of Increase Public Will  
Bear.ASK FOR CONFERENCE  
WITH FUEL ADMINISTRATORPossible Federal Control of  
Mines Is Given Close  
Attention.

Washington, Nov. 18.—Negotiations between bituminous coal miners operators in the central competitive field continued at a standstill today, the operators again obtaining postponement of the joint conference of wage scale committees on the ground that their counter proposal had not been completed.

The operators were said to be considering very carefully where the money to pay wage increases would come from and the possible effect the granting of the workers' demands might have on the future control of the mines. Assurance will be sought from several government departments before reply is made to the miners demands for increased wages and shorter hours.

Persistent rumors that the operators had asked for a conference with fuel Administrator Garfield to learn how much of an increase in the cost of production due to the wage advance could be passed on to the consuming public, were denied again today by Dr. Garfield.

The possibility of federal control of the mines in case of popular disapproval of higher prices of coal was said to be receiving the close attention of the operators.

HOUSE PASSES ESCH  
BILL; TAKES RECESS

Washington, Nov. 18.—Having passed the Esch railroad bill at its session last night, the house today virtually began a recess to be continued until the opening of the regular session of congress in December.

The last formal meeting of the house in the extraordinary session that was begun last May 19 was on the program today. Republican leaders hoping to adopt a resolution continuing the government control of dye imports until next January 15.

Under an agreement of leaders that practically no business will be attempted until the regular session, many representatives left Washington today for their homes to get a brief "vacation" before general resumption of legislative work next month. Among the few house committees attempting work today, the immigration committee headed by Representative Johnson, Washington, which will conduct an inquiry into the delays of aliening aliens at Ellis Island.

The house plan of permanent railroad legislation as incorporated in the Esch bill, was formally sent to the senate today. The final vote on the measure was 219 yeas and 191 nays. A bill between house Republicans and Democrats, the latter generally opposing the bill because of the government guaranty of railroad revenues during the next six months of renewed private operation.

HINDENBURG WILL  
ATTEND HEARINGWill Give Testimony Before  
Board Seeking to Fix  
Responsibility For War—  
Holweg Gives Testimony.

Berlin, Nov. 17.—Field Marshal von Hindenburg, German president, will attend tomorrow morning's meeting of the sub-committee of the national assembly, investigating responsibility for the war. Military authorities have been requested to send representatives to establish any demonstrations, but the feeling in both the reactionary and the liberal camps is tense.

Interrogation of Dr. Karl Helfferich, German foreign minister, was completed by the sub-committee today.

An attempt was made to fix the blame for the sending abroad of the text of former Emperor William's speech in Alsace on the eve of the German peace proposal in December, 1918. This resulted in the discovery that the original order issued to the Wolff bureau was destroyed during the occupation of that organization's offices by Spartacists last winter.

The sub-committee desired to run down the responsibility for publishing the former emperor's declaration that Germany would be satisfied only with a "victory peace," at the moment Dr. Theobald von Bethmann-Hollweg, the then internal chancellor, was planning a peace proposal. A controversy ensued between the speaker and Deputy Bonn, the latter charging the German government with a "failure to cultivate" President Wilson, who, it was said, was a different individual later, but at that time might have been won over to the attempted peace action.

Count von Bernstorff, former German ambassador at Washington, declared the United States would have been in Alsace on the eve of the German peace proposal had been accepted, whereupon von Bethmann-Hollweg exclaimed:

"Even the United States in the war did not make the Versailles peace necessary. I did not desire to participate in a battle for the soul of President Wilson, and in view of all attempts entering into the situation, could not consecutively surrender Germany was conditionally to the President's promised peace undertaking late in 1918 and early in 1919."

SOME OF THE MINERS' REPRESENTATIVES WHO ARE MEETING  
OPERATORS IN CONFERENCE AND SPOKESMAN FOR OPERATORS

Left to right: Fuel Administrator Garfield, Harry N. Taylor, Phil Murray and President Lewis.

The men above are four of the important figures in the conference now on in Washington at which the miners, operators and government officials are attempting to bring about satisfactory working agreements between the miners and mine operators. Dr. Harry Garfield has resumed his duties as fuel administrator pending the settlement of the coal crisis and is attending all sessions of the meeting. Harry N. Taylor, as president of the National Coal Association, is one of the representatives of the operators. Phil Murray, as president of the No. 5 district at Pittsburgh, represents the miners of one of the biggest districts. President Lewis of the mine workers is their main spokesman and the man who has been actively in charge of the strike.

NO MONEY TO PAY COPS BUT DIRECTOR  
RECOMMENDS 15 PCT. SALARY BOOSTCouncilman Brands as Joke Pemberton's Letter Endorsing  
Application For Increase—Members Also Roast  
Effort to Combine Safety Departments Under Single  
Head.

After an hour's caucus last evening the city council was called to order at 8:15 o'clock and for the next two hours there was plenty of business of a varied nature, but the principal topic of discussion that ran throughout the meeting was the deficiency in the safety department of nearly \$17,000 and the taking of a "tap" at Safety Director Lee Pemberton for inefficiency and extravagance.

Mayor Atherton, to "use his own expression," "witnessed his own funeral." He had asked that his salary be increased to \$2,000 and the salary ordinance which was introduced provided for a salary of \$2,500 for that official but Councilman S. O. Riggs introduced an amendment providing for \$2,100 and it carried by a vote of six to two, one member having been excused.

An ordinance asking that the safety department be merged with that of the service director was introduced by Councilman Newkirk. He moved that the rules be suspended and the ordinance be placed upon its third reading and final passage. This went through with a rush and it was then moved and seconded to pass the measure and then the climax developed.

Councilman Riggs talked against its passage, stating among other things that he did not consider it an efficiency measure and that one main could not handle both departments with efficiency and economy and he was sure the operating expenses including the salaries, would not create a saving for the city. The father of the measure, Councilman Newkirk, arose and stated that such an ordinance was to be introduced by himself at the request of Mayor Atherton. At first he favored the ordinance as an economical measure but later learned that it was to further political ambitions of certain city officials and since the publication of the matter further turned that Mayor Atherton did not wish to assume the responsibility for its introduction. Newkirk stated that he did not propose to have the buck passed on to the city council and he made the point that an attempt was made before the meeting to have the ordinance withdrawn, but Newkirk mentioned no names. He said he intended to propose that it be taken its regular course and later developed for national master.

NEW YORK MAN  
HEADS GRANGES. J. Lowell Elected National  
Master at Detroit Meeting—Ohio Grange Master  
Was Candidate for Office

Grand Rapids Mich., Nov. 18.—S. J. Lowell, of New York, was elected national master of the National Grange at the annual election today. John C. Ketcham, of Hastings, Michigan, was re-elected national treasurer. L. J. Taber, of Barnesville, Ohio, was a candidate for national master.

DRY ACT IS LEGAL  
U. S. COURT HOLDSAnother Federal Judge Upholds  
Validity of War-  
Time Prohibition In Decision.

Bloomington, Ill., Nov. 18.—War time prohibition is valid and still in force, according to a decision given out here by Judge Louis Fitzhugh of the United States district court.

The decision will be formally handed down late today at Peoria whither Judge Fitzhugh went after giving a local newspaper copy of his findings.

The case was brought by Wooner and company, distillers of Peoria. The decision was concurred in by Judge Carpenter, who sat en banc at Chicago with Judge Fitzhugh, and follows the findings announced in the latter city late yesterday in the Hamann and Hogg case. The cases were consolidated.

FIND 18 BODIES OF  
MISSING SHIP'S CREW

Greenbay, Wis., Nov. 18.—According to telephone reports received here from Escanaba, Michigan, at noon today, 18 bodies, believed to be those of members of the crew of the missing ore carrier John Owen, have been recovered at Munising, Michigan, on the south shore of Lake Superior.

OHIO MINERS WILL  
NOT RESUME WORK

Columbus, Nov. 18.—Ohio mines are still shut down and will not reopen until the men receive specific instructions from their union officials, W. D. McKinney, secretary of the Southern Ohio Coal Exchange, wired the National Coal association at Washington today.

ARMY GOODS TO  
SELL AT LOW COSTCanned Goods and Clothing to Be Placed on Sale  
Here Last of This Week

The army retail store in this city will probably open the latter part of the week or just as soon as the three car loads of goods arrive from Columbus. The store will be in charge of Mayor H. A. Atherton and he will be assisted by three male cashiers and 12 male clerks and the west room in the Swisher block in West Main street will be used through the courtesy of the tenants, Messrs. Phalen &amp; Cunningham.

Among the goods to be placed on sale and the prices will be beans, No. 1, 4 cents can; No. 2, 3 cents; corned beef, No. 1, 23 cents can; 1-4 pound can of cinnamon, 7 cents; 1-4 pound can of cloves, 14 cents; sweet corn, 9 cents can; farina, No. 1, 14 cents can; flavoring extracts, lemon and vanilla, eight cents; butter, 30 cents lb.; ground mustard, 1-4 pound can, 17 cents; nutmeg, 1-4 pound can, 11 cents; peas, green, No. 2, 9 cents per can; black pepper, 1-4 pound can, 9 cents; pumpkin, 3 and 16 cents can; tapioca, 13 cents lb.; teas, black B. B., black oolong and green gunpowder, 45 cents per lb.; tomatoes, 8 and 11 cents per can; large, 35 cents per can.

Shirts in the dry goods department there will be placed on sale a large number of blankets at \$5 and \$6 each; underwear at 40 and 75 cents for 20 cents combination; overall at \$2.50; cotton socks, 15 cents; wool, new, 25 and 55; wool reclaimed, 30 cents per pair; bath towels, 45 cents; huck towels, 20 cents each; summer and winter underwear at 25 to 75 cents each per piece; all rubber articles, \$2.25 per pair; rubber hip boots, \$5.25 per pair; scrub brushes, 15 cents each; ash or garbage cans, assorted sizes, \$3 each; camp kettles with covers, 80 cents each; toilet paper, per roll 8 1-2 cents each.

No personal checks will be accepted and all orders must be accompanied by money order, cash or certified check.

TREATY IS EFFECTIVE  
DESPITE U. S. ACTION

Paris, Nov. 18.—Regardless of the American government's attitude the peace treaty of Versailles will be put into force, according to the prevalent view here today following receipt of the report that President Wilson might withdraw the treaty from the United States senate.

Whatever happens, the feeling in French circles is that France cannot meet the German plenipotentiaries again and French opinion is that Italy and Great Britain have a like feeling.

FINAL VOTE ON  
TREATY MAY COME  
NEXT THURSDAYCompromise Program Is  
Developed Which May  
Bring Ratification.LODGE IS OPPOSED TO ANY  
ACTION TO RECONSIDERMild Reservation Group  
Leads Move Looking  
Toward Settlement.

Washington, Nov. 18.—A reservation to the peace treaty making the entrance of the United States into the international labor conference contingent upon action by congress was adopted today by the senate.

The vote on the McCumber reservation was 54 to 35. Democrats voting for it were: Dial, Gore, King, Myers, Reed, Shields Smith (Ga.), Thomas and Walsh (Mass.) Senator Sherman was the only Republican voting against it.

Washington, Nov. 18.—Plans shaped in the senate today for a final vote on the treaty Thursday, under a compromise program which many senators thought would result in ratification. The group of mild reservation Republicans opened the way by deciding in conference to abstain in bringing about a second vote on ratification after the resolution of the foreign relations committee, with its reservations, has been voted down by the Democrats.

This decision was communicated to Republican Leader Lodge, who had opposed any consideration. At the same time Democratic leaders were informed that any further compromise must be conducted with Mr. Lodge.

A talk between Democratic Leader Hitchcock and Mr. Lodge followed, at which it was agreed not to convene the senate until noon tomorrow, so the Democrats could draft their plan of action beforehand.

During the day the ratification resolution was expected to be put into form for a vote on the following day. This decision was communicated to Republican Leader Lodge, who had opposed any consideration. At the same time Democratic leaders were informed that any further compromise must be conducted with Mr. Lodge.

The "mild reservationists" also were said to have agreed that after anticipated rejection of the Lodge resolution they would support a motion to reconsider. At this point, it was said, compromise substitute resolutions could be offered.

Senator Hitchcock was informed by one of the leaders of the mild reservationists that he must deal with majority through the union officials, W. D. McKinney, secretary of the Southern Ohio Coal Exchange, wired the National Coal association at Washington today.

Revision of the preamble reservation already adopted by the senate, requiring three of the principle powers to accept the senate's reservations was the subject of many conferences among senators today. It was understood that Republicans were understood to be agreeable to amending the preamble so that acceptance of the reservations might be indicated by "acquiescence" instead of the phrase of "consent."

Taking its first action of the day, the senate voted down a reservation precluding the United States entirely from the labor provision. It had been offered by Senator King, Democrat, Utah, as a substitute for that of Senator McCumber.

The vote was 48 to 43. Nine Democrats, Dial, Gore, King, Myers, Reed, Shields, Smith, Thomas and Walsh of Massachusetts voted for its adoption.

NEW AUTO TAX WILL  
PRODUCE 6 MILLIONS

Columbus, Nov. 18.—That a graduated automobile tax which is being drafted by the joint committee on taxation for passage in the session of the legislature, would produce between \$6,000,000 and \$7,000,000 is the estimate of members of the committee.

Provision was made in the bill for the issuance of these licenses through union auditors and half the money would be kept in the county for the upkeep of roads and city streets. It would be a big measure of city relief. Fees would be based on horsepower, weight and license capacity, the smaller machines paying about \$3 a year and the larger trucks as high as \$50.

JEALOUS HUSBAND KILLS  
WIFE; SHOTS AT SON

Marion, Nov. 18.—After shooting and fatally injuring his wife, aged 40, and firing at but missing his son, Herald, 6, W. T. Bishop, 32, a local real estate dealer, last night turned his gun upon himself, dying instantly.

Mrs. Bishop died two hours later in the hospital. According to police evidence insane delirium prompted the act. Herald, Bishop's son, was in the room with his parents when the shooting occurred, escaped through a door when his father, dying, raised himself from the floor and leveled the pistol at him. Three younger children were sleeping in the house at the time.

BANKER'S TRIAL OPENS.  
Elvira, O., Nov. 18.—The trial of Walter W. Davies, indicted for the bezzling \$135,000 from the City bank of Lorain, of which he was cashier, also with altering the books of the bank was called for hearing this morning. Davies' assistant, Treble, assistant cashier, who pleaded guilty to the bezzling, was in the courtroom. Davies' attorney, J. H. Bentley, Jr., was in the courtroom.

PALE WOMEN NEED  
A BLOOD BUILDER  
TO REGAIN COLOR

Sickly, Sallow People Find Dr. Williams' Pink Pills Improve Health and Appearance

"My sallow, wax-like complexion has become clear and bright," states Mrs. Stella Shaw, of No. 808 Columbia street, Hudson, N. Y., who had suffered for years from anemia until she found the right tonic.

"I hadn't been well for six years," she says, "following an attack of jaundice. I was tired and without ambition all the time. Whenever I would lie down I had severe dizzy spells and seemed to fill up and choke. My appetite was poor and I had pains across my shoulders."

"I had heard of Dr. Williams' Pink Pills several years ago and when I saw them mentioned in a newspaper I procured a box and began treatment with them. My condition improved so much after the first box that I continued taking the pills until I had regained my strength. I no longer became exhausted and I have plenty of ambition for my work. My appetite is excellent and the pain across my shoulders has gone. I not only feel like myself again but my color no longer causes people to think I am seriously ill. I can't speak too highly of Dr. Williams' Pink Pills."

Dr. Williams' Pink Pills are sold by all druggists or direct from the Dr. Williams' Medicine Co., Schenectady, N. Y., 50 cents per box, six boxes \$2.50, postpaid. Write for the free booklet, "Building Up the Blood."

Beauty Answers

By MADAME MAREE

MISS GERTIE O. M.—You say you are 25 and look like 35. If you will try this little formula, you will soon say you will look like 20. This is no exaggeration. Your actual results will prove it. If you will make up your mind to use this formula liberally, every day, and use no other so-called wrinkle cream. Add two tablespoonfuls of olive oil to two ounces of glycol to a half pint of hot water. Keep stirring until they form a satiny cream. This is so economical that it can be used generously, and will hasten the result. It removes wrinkles, crows' feet and lines of age. The glycol can be obtained for not more than fifty cents at any drug store.

MRS. S. O. S.—Your hair should at once stop falling if you will use my hair formula. I have used it for years and it says it is perfectly astounding how it makes hair grow and stops hair falling. Get one ounce of hair oil from your druggist for 50 cents, and mix it with one pint of witch-hazel, or if preferred, in each pint add one ounce of olive oil. Use this every day and your dream of long, silky, beautiful hair will truly come true. It will make up your mind to use it. It will give you over a pint of the hair grower at a smaller cost than that of any prepared hair treatment. Just a few cents, you have the best you can get anywhere. It will not fail to give results.

MRS. B. O. T.—Your hair is brittle because of the use of ordinary shampoos you have been using. You know they all contain alkali. That dries up the hair and stops hair growing. Get one ounce of hair oil from your druggist for 50 cents, and mix it with one pint of witch-hazel, or if preferred, in each pint add one ounce of olive oil. Use this every day and your dream of long, silky, beautiful hair will truly come true. It will make up your mind to use it. It will give you over a pint of the hair grower at a smaller cost than that of any prepared hair treatment. Just a few cents, you have the best you can get anywhere. It will not fail to give results.

An Antiseptic  
Candy Which  
Helps Women

The delightful flavor of peppermint in Partola Candy is as agreeable as any after-dinner treat. How much more gratifying is it to eat a laxative and internal antiseptic in such a delicious and appetizing form instead of taking strong cathartics, harsh purgatives and nauseating oils.

A mild, gentle yet thoroughly effective candy laxative such as Partola—"The Doctor in Candy Form"—meets exactly the requirements of women. It is easy to take, being often just like candy. It has the inviting appearance and delicious taste of candy.

The action of Partola leaves no unpleasant or weakening after-effects, yet it thoroughly cleans the bowels; puts new life into sluggish liver, purifies sweetens and stimulates the stomach; puts new vitality into the whole system and acts as an antiseptic to prevent the breeding of disease germs in the intestinal tract—the most prolific breeding ground for germs in the whole body.

Children like Partola because they are made of the purest peppermint candy and have not the slightest taste of medicine. Grow up strong and healthy is through their use. There is but one Partola candy substituting stimulant. At all drug stores, 25c, 50c and \$1.00 boxes. Trial size, 10c.

NEWARK MAN IS  
SUCCESSFUL IN  
LOUISIANA FIELD

Walter Dickinson Has Part In Satisfactory Results In Activities In Southern State—Oil and Gas News.

In the Louisiana oil field big wells are creating a boom that is spreading in many directions and the prospects are promising for future operations. Big deals in acreage are of daily occurrence and a fast gain has been struck. Among those who are profiting by the Louisiana oil boom is Walter Dickinson, formerly of New York, who is now located at Shreveport and reports coming back to Newark after he has not only "struck oil" but has found it in a very satisfactory quantity.

Even Dry Holes Pay.  
A Western oil man who was in Newark the other day said that some companies are making a specialty of drilling dry holes in Texas and Kansas and are getting rich at it. The plan is to "burn" out the oil and then sell the 900 worth of stock, acquire wildcat territory and drill. The difference between the cost of drilling the dry hole and the amount of money collected is "velvet."

After Oil in New Mexico.  
Roswell, N. M., advises state that the National Exploration company of New York, which is said to have been organized recently, to exploit New Mexico possibilities, has bought from the Roswell Oil Development company, oil leases amounting to 500,000 acres in Chavaz, DeBaca and Lincoln counties, New Mexico. The consideration is reported at \$350,000. This is said to be the biggest oil land deal yet put through in that state. The purchasing concern agreed to drill at least four wells, one of which is already started and a second to be commenced in three months, the third in four months and the fourth in five months.

Authorize Stock Sale.  
Tropical Oil company directors have authorized the sale of not to exceed 100,000 shares of the company's stock, heretofore held by H. C. Reaser, as trustee, to stockholders of record November 1, at \$12.50 a share. In the proportion of one share of new stock for each two shares of stock now held. Several prominent men are stockholders in the Tropical.

Ashtand County Development.  
Ten oil wells have been drilled in Perry township, Ashtand county, this state and two of them are good ones.

Case Well Not a Gusher.  
The well recently drilled on the Burton Case farm near Granville had a showing of oil but not sufficient for pumping. This well however is producing a moderate flow of gas.

State Profits by Oil.  
Approximately \$500,000 has been paid the state of Texas by oil producers as a tax of 1 1/2 per cent on the value of the products for the quarter ending September 30.

NO MONEY

(Continued From Page 1)

berton replied that he certainly was not, that the policemen were entitled to the raise in his opinion and that his letter spoke for itself. Then all the pent-up emotion of the councilman-at-large who watches over the destinies of the city, broke out in a flood. He accuses the safety head with having made a financial failure of the department and said other things not complimentary. He said there was no money to pay the men for two weeks. Knauber declared, and heaven alone knows when they will get any money. The introduction of a proposed raise in salaries at this time is a joke.

Director Pemberton replied that he had been requested to endorse the petition of the officials and present it to council and he had done so in good faith. He said there had been no effort on the part of council members to reduce the expenses of his department by cutting down the force or cutting salaries that his duty was to operate his department and he had no voice in legislating, that the deficiency which was the cause of the situation was aware that his department would suffer from the loss of the liquor tax.

This remark had the effect of a red flag waved under a gentleman's nose and Knauber again took the floor and indulged in another flow of ornatory, stating that the safety department had been given more than the liquor tax amounted to by a transfer of funds, that Pemberton had been informed of the city's financial condition and asked to assist by retrenching and keeping down expenses and that he promised to do so and that they did not see him afterwards for a couple of weeks although he had promised to meet with them in a couple of days.

Then Councilman Baker took the floor and arose to a point of order when the fighting councilman-at-large and the safety director became embroiled in a heated argument. Baker was informed that he was out of order and Knauber had the floor and held it until he had his say. The matter was finally referred to the finance committee.

Doom for the double platoon system for the present was sounded when a communication was read from City Auditor Nelson A. Dodd enclosing an opinion from the state bureau of accounting which stated that under present and existing laws a bond issue could be floated only for a deficit existing since July 1, 1919, under a house bill, passed by the recent legislature to render financial assistance to cities for the loss of the liquor tax but that no bonds could be issued therefor as an emergency measure. Neither could money be borrowed for the purpose. The proposed installation of the double platoon system would involve an expenditure of approximately \$25,000, it was said and it would not be issued for the purpose or money borrowed it is certain that it would be a hard matter to secure men to run the department.

CHURCH SHOWS  
RAPID GROWTH

West Side Church of Christ Purchases New Property For Church Home in West End.

In ten weeks of the pastorate of Rev. E. W. Thornton at the West Side Church of Christ, the Sunday school has been reorganized, its attendance increased 100 per cent, new church property has been purchased and plans made for taking care of the increased membership. There have been 22 accessions to the church since Mr. Thornton assumed his duties, despite the fact that some of his time has been spent in Sunday school work in other cities.

The men's class of the Sunday school has a membership of 35; the women's class a membership of 40 and the young people's class taught by Mr. Thornton, has 50 young men and women enrolled. The church has purchased the old Moser homestead at Williams and West Main street. The house will be remodeled by the construction of an addition on the west side to provide a large auditorium on the ground floor. The upper rooms will be used as class rooms for the Sunday school.

The last Sunday one month will be observed as "Fill the Church" day, when an effort will be made to overtax the capacity of the present place of worship. The pastor believes that it will be necessary for the members of the Sunday school classes to meet in the homes of the teachers because of a lack of room.

Mr. Thornton will go to Toledo Wednesday as an instructor in a school of methods in a Toledo church.

MRS. ROSE FITZGIBBON  
DIES AT AGE OF 86

Mrs. Rose Fitzgibbon, 86, died at the home of her daughter Mrs. Frank M. Schimpf in Hudson avenue at 5 o'clock this morning.

She was born in Glen Den, county Antrim, Ireland, October 30, 1833. She came to the United States in August 1850 being 16 years old. Since her arrival in this country she has made Newark her home. She was united in marriage to William P. Fitzgibbon, who died July, 1893.

Eleven children were born, four of whom are living. Mrs. Frank M. Schimpf, Frank E. Fitzgibbon, William J. Fitzgibbon, and James R. Fitzgibbon, with eleven grandchildren.

Mrs. Fitzgibbon has enjoyed good health until last October, when she was taken ill on her birthday anniversary. Since that time a general decline was noticed until death came.

The funeral mass will be celebrated at St. Francis de Sales church, Thursday morning, Rev. Father L. M. O'Boyle officiating. Burial in Mt. Calvary cemetery.

CHANGE SCHEDULE FOR  
BASKETBALL PRACTICE

Owing to the condition of the high school gymnasium building, practice for the Industrial Basketball League will be held on the Y. M. C. A. floor. The arrangement of the practice schedule for this week is necessary as regular gym classes in the Y are on the floor on the nights originally set for the practice.

Tonight at 6 o'clock American Bottle company has the use of the gym for one hour. From 7 to 8, Heiseys; from 8 to 9, R. and O. Wednesday night from 7:30 to 8:30, Hopholme; from 8:30 to 9:30, the golf club; from 9:30 to 10:30, Midland Shoe, Thursday night, 6 to 7, American Motor Truck.

An eight-team industrial league is assured with seven teams already enlisted and two applications for the remaining place. The industrial athletic council will act on the two applications and arrange the schedule.

JOIN ARMY TO LEARN  
WIRELESS TELEGRAPHY

Because of their desire to learn wireless telegraphy, Lewis R. Gaumer, 18, and Donald R. W. C. 18, both of Co. Shochton, enlisted in the signal corps of the United States army yesterday. Sergeant J. H. Barlow, in charge of the Newark recruiting station in the post office building, sent both men to Columbia and final examination at Fort Monmouth to training post. As both young men have had three years in high school, they will be eligible to appointment to West Point after serving a year in the army.

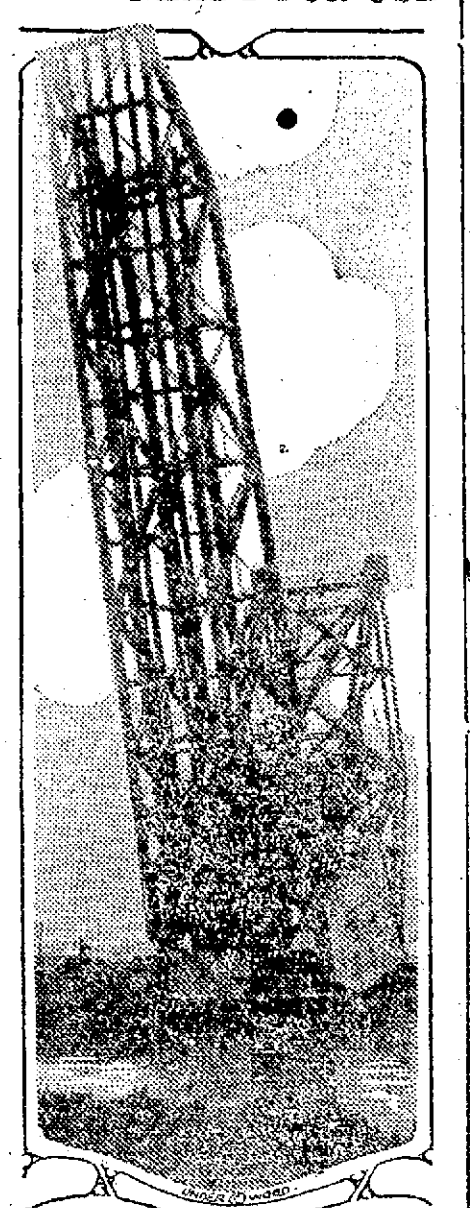

UTICA R. D. 4.

Mrs. Voight Nimms and son Frank of Sacramento, Calif., spent Monday night and Tuesday with Mr. and Mrs. B. J. Edman.

Miss Lucile Edman is spending this week with her sister, Mrs. L. C. Seales of Fredonia.

Hog cholera does not seem to get much worse in this community and so far there has not been very many lost. The following are the names of the hogs that died last week: Mrs. Voight, Nimms and son Frank of Sacramento, Calif., Mr. and Mrs. Park Fairall and son Willis of Hanover, Mr. and Mrs. Edmund Baker and daughter of Purty, Mr. Albert Hartman, Mrs. Harry Hartman and daughter Vina, Mrs. Will Jones and daughter Louise, and Mrs. George Moxley and son of St. Louisville.

WORLD'S LONGEST  
LIFT BRIDGE IS  
READY FOR USE

The lift bridge raised.

The longest lift bridge in the world is to be opened to traffic next month. It spans the Chicago river at Twelfth street, Chicago, and was built by the Illinois Central Railroad Construction Company. It took two years to build the huge span, 306 feet in length. The balance weight on the span is nearly 1,000,000 pounds.

4 WILL ATTEND  
TO Y CONVENTION

Newark Men Will Be Present At First Meeting Since War Started—Important Problems to Be Considered.

Dr. C. L. Wyeth, E. S. Randolph, Ray Evans and Secretary C. F. Lender representing the local Y. M. C. A. will leave Wednesday for Detroit, the place of the 49th international convention of the Young Men's Christian Association. More than 5000 delegates from all over the world are expected to attend. The convention will open Wednesday and close Sunday.

As this is the first convention the Y. M. C. A. has had since 1916 it will deal largely with the changed conditions the war has brought about, reviewing the experiences gained during the war and setting forth the program for the immediate future.

The five days at Detroit will be days of vital concern to every state, county, railroad, student, and city Y. M. C. A. in the country as the scope and policy of the whole future work will be passed on.

ARMY SEEKS RAIL  
ROADERS FOR OVERSEAS

Under orders from the war department, Recruiting Officer J. H. Barlow, in charge of the local recruiting station in the postoffice building, has been instructed to accept recruits in an engineer company for service with the forces in France and Germany. The service is in the line of railroad work and it offers special opportunities for men qualified for the various positions in railroad operation.

Enlistments will be for one and three years. Former military service is not required. Men with the following qualifications will be accepted, dispatchers, roundhouse foremen, locomotive engineers, locomotive firemen, conductors, brakemen, stationmasters, station agents, telegraph operators, machinists, boilermakers, blacksmiths, pipemen, pumpmen, towermen and switchmen. In event an applicant presents himself whose previous experience in similar work or whose general intelligence warrants the belief that he would rapidly qualify in one of the classifications listed above he will be enlisted.

HEISEYS SEEK SCALP  
OF MACK'S GRIDDERS

The aspirations of the Heisey football team to the title of city football champions will be decided Sunday at Moundbuilders park when the team meets the McDaniel gridders at 2:30 o'clock.

The Heisey team has won three and lost three games this season and the Mack team has about the same record. The teams are about the same weight each averaging about 150 pounds.

Sunday's game promises to be a thriller because the Heiseys are determined to make the Macks step some to preserve the title they claim.

## D. U. TRUSTEES MEET THIS WEEK

Pres. Chamberlain Plans  
Two Days' Program For  
Transaction of Business  
and Entertainment of  
Guests.

(Special to the Advocate.)

Granville, Nov. 18.—President C. W. Chamberlain has issued invitations to the Denison trustees for a visit to the institution on Wednesday and Thursday of this week, the meetings so arranged as to allow time for observation of the colleges in operation. The program as arranged is as follows:

1:30. Automobiles will meet incoming trustees.

2:30. Trustees meeting in Marsh Hall, College Hill.

Suggested topics for discussion: (1) The present salary scale; (2) Suggested change in the scale of student fees; (3) Consideration of proposal of Carnegie Foundation for the Advancement of Teaching; (4) Co-operation of the board of trustees of Denison university with the Board of Education of the Northern Baptist convention and the Inter-church movement; (5) Report of the committee on buildings and grounds; (6) The endowment and building fund campaign.

5:00. Recess.

5:30. Dinner at Commons club in Marsh Hall.

7:00. Adjourned meeting of board.

10:00. Visit to astronomical observatory.

Provision will be made on College Hill for all members of the board who do not prefer to spend the night at one of the seven fraternity houses or with friends in Granville.

Thursday morning:

6:30. Breakfast in Marsh Hall.

7:30. Inspection of library, laboratories and classes.

10:00. Automobile trip over the old and new campus.

11:30. Chapel at the Baptist church.

12:11. Lunch at Shepardson commons.

1:45. Automobiles will take trustees to trains.

A capacity audience in the Community rooms Monday afternoon attested the popularity of guest day at the Travelers' club, which was announced on the Year Book as a program of great interest. Mrs. Herrick occupied the chair and Mrs. Conklin read the secretary's report, following which Mrs. K. S. Hines delivered a thoroughly up-to-date and interesting talk on "Balkan Geography and the War." Mrs. Hines never uses notes but assimilates her topic before presenting it for the club. The study of geography is no longer confined to the public schools, she said, but has become an absorbing and important part of higher education. The lay of the land plays a great part in the character, mores and customs of the people inhabiting the land. The valley of trench which forms the only means of communication down in the Balkan peninsula has been for many years the bone of contention among the neighboring peoples, and it was the one thing that was to have fulfilled the Kaiser's dream of world domination. The excellent half hour talk made clear many matters which before had been but vague in the minds of the average reader of war topics. Prof. P. G. Delvaux of Denison university was introduced as the principal speaker, whose theme was "Socialism." He stated that he was not a socialist though interested in the study of sociology, and though he had known and loved several men of pronounced socialist views. Utopian socialism has been the dream of many men during several centuries, but always has proved impractical. Scientific socialism originated with Karl Marx, but it, too, fails to solve the problems. The speaker professed little fear of the red flag in the United States, whose soil is unfriendly to such demonstrations.

The Daughters of Veterans will give a chicken supper in the Presbyterian church on Saturday evening from 5 to 7 for the benefit of the community federation. Tickets may be had of Mrs. Shepardson, Miss Blanche Horton and Miss Clara Evans.

G. E. Jefferson of Norwalk spent the week-end in Granville visiting his son, Howard, who has just been initiated into the Beta Theta Pi fraternity, and his sister, Mrs. Ella Fraker. They were Sunday dinner guests at the Beta house.

The Fortnightly club has issued invitations to various organizations and individuals in the village to an open meeting on December 1, held in the Baptist church, the program to consist of "The Passing of a Bill."

Mr. and Mrs. Edward Hilse, Miss Alice Converse and Mr. Frank Hilse of O. U. were weekend guests of Miss Sime Overturn.

Mrs. Robert Andrews (formerly Miss Eleanor Thomas of Shepardson college) was a guest of the Travelers' club Monday afternoon. Mr. Andrews, a son of Dr. George Andrews and Alice Spense Andrews, former residents of Granville, is in Newark on business and expects to leave Sunday for St. Louis.

Mrs. E. M. Jones, who has been quite ill for over a week at "Monomoy Place" is pronounced much better by physician and nurse.

Miss Alice Wilkinson, Prof. Byle and Prof. Dickerson were guests of Mr. and Mrs. Frank Ray at Sunday night lunch.

Howard Gordon Bennett of the conservatory will give a lecture-recital on Wednesday evening at 8 in Recital hall. The subject will be Cesar Franck, Belgian composer. Miss Gayle Smith, head of the violin department, will be present and with Miss Farrar will play a Sonata by Franck written for piano and violin together—not a violin solo but a duet. Miss Cornelia Ellis will sing from Franck's composition. Mr. and Mrs. A. P. Nichol, Miss Libbie Thompson and Walter Thompson are automobile guests of Mrs. Will Cline to Columbus today.

## LOCAL WOMAN'S SISTER DIES IN AUTO ACCIDENT

Mrs. Sarah McCullough Curran, 55, of Mt. Vernon and sister of Mrs. Mary Greeley of Chestnut street, was fatally injured Sunday in an automobile accident.

Mrs. Curran was riding with her son Sunday afternoon. He attempted to turn the car, which skidded, turning over twice. Both were thrown clear of the car but Mrs. Curran had her skull fractured at the base of the brain and died three hours later.

She is survived by three sons, one brother and five sisters. Mrs. Greeley, main until after the funeral Wednesday morning at 10 o'clock.

Whatever the outcome of the International Conference, the public is assured of being in at the finish—all in.—*Wall Street Journal.*

## ROTE STRAYS INTO KIWANIS MEETING

The Kiwanis club was royally entertained at its noon meeting Monday, by the Auditorium orchestra, led by Wallace Jackson. Six male members of orchestra and one lady were assisted by Kirby Dickerson, a Kiwanis. The feature piece of the recital was "The Evolution of Dixie," an interpretative piece of music, in which the well known air was gradually worked from the simple primitive melody of the darkie down to grand opera.

A happy incident of the day was an impromptu visit from a Rotarian. His good natured Rotie was out of town and expected to return on Tuesday; through some mix-up he got back to the little old town on Monday and thinking it was Tuesday, went to the Rotarian luncheon as he supposed. When he found his mistake it was too late; the Indians had him and he had to stick it out.

Business relative to the approaching club election occupied the business session of the club. An election of officers and board will be held the second meeting in December. The club has adopted the Chamber of Commerce method of election by direct selection of the membership, eliminating the "nominating committee." Just how well this veering over to the extreme of democracy in matters of election will work remains to be seen.

Homer Dicken was the silent booster, three members getting a gallon of auto oil.

## SOLDIERS' INSURANCE.

A recent report is to the effect that only one percent of the soldiers have taken steps to keep up their life insurance. The majority of the soldiers fail to take up with the government offer, are not likely to take out life insurance of any kind.

Others say that one reason why the soldiers have not kept up their life insurance is dissatisfaction with the workings of the War Risk Bureau. However new legislation and improvement of the bureau's work is expected to remove the principal grounds of complaint.

Of course many fellows find it hard to save money anyway, some because they have dependents, some because they have never learned to be thrifty. As the bulk of the soldiers were unmarried, the majority of them should be able to carry insurance.

Insurance is a form of saving which is peculiarly calculated to promote thrift. When a young man has to make a monthly payment according to the government scheme, he forms the habit of living within his means. It is far easier for some fellows to set aside a certain sum each week of each month, than it is to go up to a bank twice a year and deposit the accumulated sum of money.

In so far as the government insurance plan is successful, it will help this vast body of young men to become thrifty citizens who have overcome the common tendency to spend as they go. Their friends will all hope that in so far as they possibly can, consistent with family obligations, they will keep up their insurance. No other form of saving is likely to give these fellows so much as they can gain through the government plan. In a great many cases if they don't take up this plan, they will never save anything.

## EDUCATING THE ALIENS.

The investigation of the steel strike by a committee of congress accomplished one result, that it convinced members of both political parties that more must be done to Americanize the aliens. Washington dispatches indicate it is probable that a bill will soon pass congress appropriating large sums for the removal of alien illiteracy.

One of the largely favored proposals is that those who do not acquire knowledge of English in five years after coming to this country, should be deported to their native land.

It is one of the largest of Americanization problems. It has been taken up years ago, much of the time in vain, and to most people have been forgotten. Many patriotic people have long felt that the existence of this vast mass of illiteracy was a terrible peril to this country. But little attention was paid to what they said. It was evident that it would cost a very large sum of money to maintain schools which all aliens should be required to attend. Consequently, when anyone proposed any large undertaking of this kind, he was promptly turned down on account of the expense. The tax payers were not willing to educate the alien from reasons of humanitarian feeling and good neighborliness. But now they are being practically forced into it for self preservation.

However, it will be better late than never. The government and the states should spend money very freely to reduce the curse of illiteracy.

Education of alien residents is just what the education of child. Standards of such education should be raised. The alien

## The Advocate's MAILING POST

In this commonplace world, everyone is said to be romantic who either admires a fine thing or does one—Pope.

## Swell.

She's so incredibly fat.  
 I sometimes have a hunch  
 She patronizes places that  
 Must serve a real swell lunch.

 An umbrella.

## Did You Know

That Charles Dickens contributed a series of sketches to the "London Morning Chronicle" under the pseudonym of "Boz"? When asked about the origin of this somewhat fantastic signature Dickens explained that it was a nickname bestowed by him upon a younger brother. He had called him "Boz."

will not be a safe citizen of America, until he can easily read American newspapers and understand English speech.

## WET AND DRY VOTE.

Newspapers beyond the borders of the state are commenting upon Ohio's vote on the liquor question and it is not surprising that the majority of them "give it up" as passing understanding.

The fact is that from the official returns, it is hard to discover just what the voters of Ohio intended to do on November 4th.

It seems to be inconsistent that the voters should in one breath endorse state wide prohibition and in another refuse to ratify national prohibition, though the defeat of the Crabbs act (enforcement law) is not so difficult to understand.

As everybody in Ohio knows, four liquor propositions were submitted to the voters at the recent election. Upon two of them the drys won—state wide prohibition and 2 3/4 per cent beer; upon the other two, the Crabbs enforcement law and ratification of national prohibition the "wets" won. The figures are not material save that they show that there was confusion of the votes. The proposal to tolerate 2.75 per cent. beer was voted down by a majority of about 30,000, the proposal to repeal state wide prohibition was lost by over 40,000. On the other hand, the legislative endorsement of national prohibition was rejected by less than 600 votes and the Crabbs act was turned down by about 27,000 votes.

The eighteenth amendment to the constitution providing for national prohibition has been ratified by 45 states, nine more than the necessary number so the action taken by Ohio on November 4th is not of consequence. The "drys" announce that a new enforcement act will be introduced when the state legislature meets next month thus taking place of the defeated Crabbs act.

There is no question about confusion of the voters on the liquor issue at the last election. Without doubt many who thought they were voting "dry" voted "wet" and vice versa. There ought to be a way of printing the ballots so that there could be no mistake on the part of the voter.

## THE AMERICAN LEGION.

Many of the Ohio soldiers who returned home from Germany and France recently are now interested in the development of the new organization of the world war veterans—the American Legion. A concerted effort is now on in this community to boom the membership in this new organization.

Just why a soldier should hesitate to join the Legion we don't understand. He should be proud and glad to do so. The Licking County Chapter should embrace the name of every man who is eligible to membership. It's an honor to belong to the American Legion.

In honor of the "Victor of Wakefield," and thus, being facetiously pronounced through the press, became "Bos," and was afterward shortened to "Boz."

## Hair.

"The cost of hair sure make me sigh."  
 Complained the made-up Mrs. Bone.  
 "If hair keeps going up, why I  
 Will be compelled to grow my own."  
 —Luke McLaiche.

## The Senseless Sex.

The ladies go calmly on their way, repairing the ravages of time by the old legitimate methods, while the men are distractedly pursuing the false horrid excitement of Dr. Brown's and subsequently by Dr. Serge Voronoff, who seems to be trying to make monkeys of the members of his unfortunate sex.

## How We Hate Ourselves.

If a personal tax meant a tax on one's self, And each made his own valuation, From this source alone there'd be plenty of self. Without any other taxation.

If they'd take all the poets like you and like me And tax us at our valuation, As we only see it, then my goodness me But wouldn't this be a great nation.

Our good Uncle Sam would have money to burn, No worry would bother him, never, And all of our war debt he'd cancel, without a word.

But think if the public, that suffers thru us, World to us, which we know is awful, And depended on what they would get, on the muss, Our country'd be in would be awful.

The land that we love, and this isn't a joke, Would divide, with no one to hinder, 'Till there'd be nothing left but a big cloud of smoke, With maybe a bit of a cinder.

Yes, poets are wonders of this there's no doubt, When it comes to the slinging of satire, sir, But in taxing their incomes, oh, please hear me shout, That's one thing that none of them have, sir.

## COMMERCIAL CLUB SPIRIT.

Many different names are found for the multifarious community organizations of these progressive times. There are Boards of Trade and Chamber of Commerce and Business Men's Associations and Commercial Clubs and a lot of others. Ordinarily their purposes are about the same by whatever name they are called. Still certain names signify a certain purpose that should be carried out in all communities.

The idea suggested by the name "Commercial Club" is a very vital one. The word "club" indicates a friendly tie. This sentiment should exist between all the business men in any community.

This does not mean that a town that has no organization called a commercial club necessarily needs to form a new society having that particular title. The commercial club spirit can be promoted in any kind of organization formed to promote town and local business interests.

This feeling is the feeling that all the business people of a town should be closely drawn together in social life and friendly intercourse. They should other, cultivate ties of friendship and learn that their interests are identical. Competition and rivalry are all right, and should be promoted. A town where the merchants don't compete, and don't emulate each other in the efforts to give the best service, is a dead town.

But they will accomplish far more if while carrying on this competition, they unite in friendly association to promote all community causes, to spread the reputation of the town, to draw in new trade, and to make the place a good residence town. Newark has had much of that spirit in the past, and it should have still more from now on.

A New York man left an estate containing \$25,000 worth of whiskey. No difficulty is so far reported in securing executors for his will.

People used to be said to laugh in their sleeves, but a good deal of the time the girls don't have any.

All the people are steadily marching on toward death, and those who always ride usually get there first.

There is almost hot air enough left off in this country to heat with, even if no coal is mined.

Now the kickers are kicking about the kickless Thanksgiving mince pies.

## THE RUSSIAN PROLETARIAN SPHINX

## DAILY SUCCESS MESSAGE

By W. F. STORER

In our first message we endeavored to show that the character of final thoughts each day is of great importance. Second in our consideration should be the first thoughts upon awakening. A great event has before you. A new day in your life. The mistakes and unhappiness of former days are all history. You can allow them to be care for itself. You have a new opportunity to accomplish your greatest desire and to help others. You are more rich in experience with the end of yesterday and you have the privilege of beginning a wonderful new day improved in efficiency and with hope of greater things. Decide that today will witness marked progress in all your undertakings.

Look around for some one to help by an act of courtesy or by a word of encouragement. By helping others you will help yourself. Sometimes we help those who apparently don't appreciate it. But never mind, the majority do appreciate it, and that of others is ever at your command. Be on the constant lookout for the best in every person you meet and anticipate harmony in business transactions. Your ideas are otherwise and will find what you seek and expect, whether it is trouble or the opposite. Watch your own step and be harmonious in all your words, action and thought. You will thus attract to yourself greater success in business efficiency. It will also mean more happiness in the home circle. Remember you will give impulse and renewed vigor to business relations. Happy hours at home will be followed by pleasant hours in the office. Cultivate harmony and you will find that harmony will cultivate you in turn.

## Married Strangers

A powerful story dealing with a problem being worked out in thousands of American homes to-day—that of the husband and wife who find they grew apart while the man was off to war.

By FRANCES DUVALL

Copyright, 1919, by The Wheeler Syndicate, Inc.

## II.—Bridal Preparations.

New York!

The hotel accommodations attended to. Keitha gave herself up to an exhaustive tour of the shops. She invested in a summer wardrobe with reckless disregard of durability and heavy emphasis on daintiness and extreme smartness. She spent hours selecting lingerie of the lacest and silkiest preserved for the bride. Hats, sunshades, gloves, all manner of lovely accessories were tumbled into the hotel room in boxes bearing the crest of the best shops in Manhattan.

The day before the Leviathan docked she went to a famous beauty shop and had a long, luxurious shampoo and a permanent wave put into her coppery hair. A sleek French attendant clipped her eyebrows and massaged her face with fragrant creams.

She scarcely recognized herself when she was completed and had slipped into one of the lace negligees of the trousseau to enjoy a luxurious dinner brought up to her room on a tray.

A woman who works in an office day after day does get a careless look, no matter how punctilious she thinks she is of her toilet. She reflected, as she conjured up a mental image of herself before the transformation. "But I have the consolation of knowing that I've not spent a cent of the money. Lester sent me and it's all waiting for him in the trunk when he leaves the army."

She sent the tray away and sauntered to the window overlooking Broadway. It was just before the theater hour and the lights of Times Square peeped out through the late spring dusk. The crowds surged back and forth across the intersection of Broadway and Sixth Avenue; girls in sheer summery frocks and many, many men in uniform. Some limped or wore an empty sleeve, pinned back, and Keitha closed her eyes with a little prayer of thanks, giving that her own man had miraculously escaped.

But curiously, now that she was back in a familiar atmosphere, seeing the things they had seen together occupying the room where they had spent their last happy hours, the reality of her romance vanished. It seemed like some dream she had dreamed in a night long past.

That the man whose photograph stood on the dresser was flesh and blood seemed incredible. That he had ever held her in strong arms and kissed her with the clean-shaven lips whose picture hung before her the imprint of her

## Your Eyes

Gratulated Eyelids, Eyes inflamed by exposure to Sun, Dust and Wind quickly relieved by Morse Eye Remedy. No Stinging, just Eye Comfort. At Your Druggists or by mail 60c per Bottle. For Bulk of the Eye line write to Morse Eye Remedy Co., Chicago.

## Ends Stubborn Coughs in a Hurry

For real effectiveness, this old home-made remedy has no equal. Tasty and cheaply prepared.

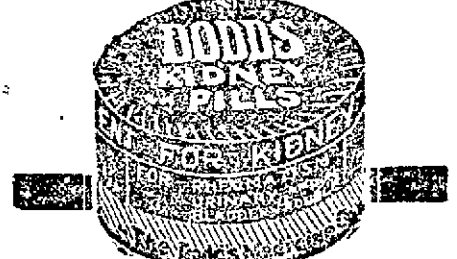

You'll never know how quickly a bad cough can be conquered, until you try this famous old home-made remedy. Anyone who has coughed all day and all night, will say that the immediate relief given is almost like magic. It takes but a moment to prepare, and really there is nothing better for coughs, laryngitis, bronchitis, and 24 hours of pain; then add three granulated sugar syrup to make a full pint. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either home or drug store. Relief is immediate. A pinch of the money usually spent for cough preparations, and gives you a more positive, effective remedy. It keeps heartily, and tastes pleasant—children like it.

You can feel this take hold instantly, soothing and healing the membranes in all the air passages. It promptly loosens a dry, tight cough, and soon you will notice the sputum thinning out, and then disappear after-her. A day's use will usually break up an ordinary throat or chest cold, and it is also a splendid for bronchitis, croup, hoarseness, and bronchial asthma.

Pine is a most valuable concentrated compound of genuine Norway pine extract, the most reliable remedy for throat and chest ailments. Relief is immediate. To avoid disappointment ask your druggist for "24 ounces of Pine" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction, or money refunded. The Pine Co., Ft. Wayne, Ind.

## Get Some Spunk—Don't Be A Wet Rag.

Are you weak? Many suffer from kidney trouble without knowing the cause. Dizziness, dull headaches, throbbing through loins, stiffness in bending, are first symptoms. Do the right thing. Get Dodd's Kidney Pills at any drug store. Relief is immediate. Most sickness arises from poisonous waste matter in the large intestine. Your kidneys should keep the intestine clean. If they don't look out. Head the first warning. Get the fat, round box of Dodd's Kidney Pills—the "Big" is in the name. Refuse substitutes. If your druggist is sold out send 60c in stamps to Dodd Medicine Co., Buffalo, N.Y. A Mild Cathartic—Diamond Dinner Pills.

## SQUEEZED TO DEATH

When the body begins to stiffen and movement becomes painful it is usually an indication that the kidneys are out of order. Keep these organs healthy by taking

The world's standard remedy for kidney, liver, bladder and uric acid troubles. Famous since 1895. Take regularly and keep in good health. In three sizes, all druggists. Guaranteed as represented. Look for the name Gold Medal on every box and accept no imitations.

## LESSONS IN OPTOMETRY BY O. P. COOK

LESSON THREE.  
 What does an Optometrist's services consist of?  
 The determining the nature and extent of the optical defects a patient suffers from, as before explained.

Anything else?  
 Yes, if he is also an optician, he prepares the lenses and sees that they are properly adjusted to the features of the patient.

Are most Optometrists also Opticians?  
 Yes, practically all of them.

What are some of the commonest defects of vision?  
 Far and near sight and astigmatism are three that are frequently met with. Do these defects cause much annoyance to those who have them?

The results of errors of vision vary with different people.  
 Then astigmatic folks, for instance, do not all suffer to the same extent? No, the degree of the error, and the health and temperament of the patient are factors in this respect.

## LET "DANDERINE" SAVE YOUR HAIR

Hurry! A few cents stops hair falling and doubles its beauty.

A little "Danderine" cools, cleanses and makes the itchy scalp soft and pliable, then this stimulating tonic penetrates to the hair roots, revitalizing and invigorating every hair in the head, thus stopping the hair falling out, setting thin scalp and fading.

After a few applications of "Danderine" you seldom find a fallen hair or a patch of baldness, besides every hair shows more life, vigor, brightness, color and thickness.

A few cents buys a bottle of delightful "Danderine" at any drug or toilet counter.

## Blood Poisoning Results From Slight Scratch

"Special Dispatch to The Enquirer. "Wheeling, W. Va., June 15.—Dr. College, died at a local hospital early today. Death due to blood poisoning, which was caused by a slight scratch which he received on his hand 10 days ago."

The above is an actual quotation from the Cincinnati Enquirer, with names omitted.

Give every injury, no matter how slight, immediate attention. Safety suggests that you keep a bottle of House-tem-a-ah always at hand for emergency use. Its highly concentrated antiseptic qualities make only a slight application necessary to thoroughly disinfect any scratch or cut. No danger of infection when House-tem-a-ah (The Original Junes) Liniment is used and yet its action is so mild that it may be freely applied to severe wounds, burns and scalds. Its soothing and healing power is almost magical. Don't risk being without it. Get a bottle from your druggist today. A 4-oz. bottle 25c. Large household size, enough to last a year, 50c. Fifty years use proves it to be the most reliable household antiseptic. "The kind your daddy used, with my dad's picture on the yellow wrapper." The Dr. J. C. Jones Co., S. Charleston, Ohio.

## EASE THE PAINFUL RHEUMATIC TWINGE

Sloan's Liniment will bring comforting relief quickly.

NEVER breaks faith, Sloan's Liniment doesn't. Just penetrates without rubbing and eases the external pain and ache, rheumatic twinges, lumbago, neuralgia, sciatica, lame, sore, strained muscles, bruises, sprains.

For 35 years it has gone ahead winning new friends, holding old ones, strengthening its reputation as the World's Liniment. Clean, effective in relieving the aches and pains of men and women, this old family standby can be relied upon to do its work promptly and surely. Don't be without a bottle another day—keep it handy.

All Druggists—35c., 70c., \$1.40.

Liniment  
Keep it handy

## BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through taking them.

Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil. They act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood, and purifying the entire system. They do that which calomel does, without any of the bad after effects. Take one or two every night for a week and note the pleasing effect. 10c and 25c a box.

Try This If You  
Have Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

Advocate want ads bring results.

## SOCIAL AFFAIRS

The first division of the women of the First Baptist church will hold an all day work meeting at the church on Thursday.

**Nemas-Elsert.**  
Mr. Louis Nemas, of Columbus, and Miss Anna Elsert, of this city, were united in marriage last Saturday evening at 7:30 at the home of the officiating minister, Rev. Emil N. Kraft. The double ring ceremony of the Evangelical church was used. Mr. Nemas is employed at the Timken Roller Bearing company, at Columbus, and Mrs. Nemas is the daughter of Mrs. Elsert of Washington street. They will make their home in Columbus in the near future.

Miss Ida L. Wiegand was hostess to the members of the Review club Saturday afternoon at her home, in West Church street. A book review was given by Mrs. O. J. Barnes and Mrs. Anna L. Sturgeon gave current events.

Mrs. E. S. Randolph entertained the members of the Research club Saturday afternoon. The meeting opening with roll call. "Heroes of the War," by Miss Alice McMahon. Mr. Audrey Wall sang two numbers and Mr. E. S. Randolph told of his experiences in France as a Y. M. C. A. worker.

Miss Anita Southard entertained at her home in Central avenue with a dinner party Sunday evening. Announcement was made of the engagement of Miss Southard and Mr. Ralph Cass. No date was given for the wedding. Miss Southard has been employed at Washington as a yeomanette. Mr. Cass is an employee of the W. H. Macey company.

Mrs. G. L. S. Smith is entertaining with a kitchen shower for the pleasure of Mrs. Raymond Hohl (Esther Graef) at her home in the Jefferson Road Friday evening.

On account of Thanksgiving coming on the regular meeting day, the Dorcas society of Holy Trinity Lutheran church will hold its meeting on Monday, Nov. 18, at the home of Mrs. Frank Shide, 733 West Main street, Thursday at 2 p. m.

## OBITUARY

**Bert Hoyt.**  
Bert Hoyt, 47, died at the home of his sister, Mrs. T. W. Stickle, in 31 Clinton street, Monday afternoon at 10 o'clock. Death followed a complication of diseases.

His home is in Hanover and he is survived by his wife, Mrs. Mary Hoyt, his mother, Mrs. Martha Hoyt, one brother, Ambrose Hoyt, of Wilkins Center, two sisters, Mrs. R. V. Stickle and Miss Mae Hoyt, of Newark, three nephews and a niece and aunt, living in Youngstown.

The funeral services will be held Wednesday afternoon at 1 o'clock at the Hanover M. E. church. Burial will be made in the Hanover cemetery.

**Mrs. Matilda Wheeler.**  
Mrs. Matilda Wheeler, who was visiting at the home of her daughter, Mrs. Joseph Oppenheimer in Oklaheeh, Wagoner, Okla., died at 10 o'clock Monday afternoon.

Mrs. Wheeler suffered a fall some time ago, and later congestion of the lungs developed. Death came Monday morning at 5 o'clock. The body will be brought to Newark and taken to the home of her son O. K. Wheeler, in Duena Vista street. Funeral arrangements will be announced later.

**Joshua Zartman.**  
The funeral of Joshua Zartman, who died Monday afternoon, will be held at the home, in Lovers' Lane, Wednesday afternoon at 1:30 o'clock. Dr. L. C. Sparks officiating. Interment will be made in Cedar Hill cemetery.

Mr. Zartman was the fourth son of Joshua and Lydia Zartman and was born in Newark, January 30, 1845, when eleven years of age, he with his parents moved to the Zartman farm southwest of the city where he resided till the time of his death.

He was united in marriage to Jane E. H. Wagner, of Alexandria, Ohio, March 28, 1867, and to them four children were born, three of whom died in infancy. He leaves beside the widow, one son, J. Albert of Pataskala, O. one brother, David, of Butler, O. and two sisters, Mrs. Elizabeth Z. Stevens and Mrs. M. M. Neff of Tiffin, Ohio. In his young manhood he joined the Methodist church in Newark, to which he remained attached and true until his death. All his life he has been a pious and progressive farmer of Newark township.

**Mrs. Margaret Anderson.**  
The funeral of Mrs. Margaret Anderson was held at 9 o'clock this morning. Short services were conducted at the home, in Buckingham street by Rev. L. C. Sparks and the body was taken to Chatham where services were held at the church. Interment was made at Chatham.

**Levi Wagner.**  
S. E. Wagner, manager of the Maxco Tire Sales company of West Main street, has been called to Kenton by the death of his father, Levi Wagner. Death came last night, the deceased being 82 years old.

**Card of Thanks.**  
We desire to thank our friends and neighbors and all those who assisted us at the death of our husband and father, U. G. Gregg. Especially do we thank the employees of the Wehrle company and K. of P. lodge for their kindness and Rev. Mr. Cox for his comforting words. Mrs. U. G. Gregg and Children. 11 18 19x

**WILSON VETOES BILL.**  
Washington, Nov. 18.—President Wilson today vetoed the bill restoring to the interstate commerce commission its power rate making power.

Chairman Cummins of the interstate commerce committee author of the bill said it was not likely that any attempt would be made to pass the measure over the president's veto as the rate making powers of the commission would be restored when the roads were returned to private operation January 1st.

Senator Cummins said the president's action was not a surprise.

The president said the immediate effect of the proposed law would be to deprive the federal government of the ability to come promptly and decisively with operating emergencies which are now arising and must continue to arise during the existing period of heavy traffic.

**PREMIER NITTI ELECTED.**  
Rome, Monday, Nov. 17.—Benito Mussolini, the premier, and the other candidates on his list, were elected almost unanimously in the election of Sunday for seats in the chamber of deputies. Premier Nitti was a candidate in the province of Potenza.

## CHARMING BUD OF SEASON AT CAPITAL

Miss Margaret Crosson.

One of the most popular buds of the present social season in Washington is Miss Margaret Crosson, daughter of Dr. and Mrs. Crosson. Her mother was also a capital belle as Miss Margaret Blaine, a niece of James G. Blaine, secretary of state under President Benjamin Harrison. Miss Crosson is a graduate of St. Mary's of the Woods, in Indiana.

## A NASTY COLD EASED AT ONCE

"Pape's Cold Compound" then breaks up a cold in a few hours.

Don't stay stuffed-up! Quit blowing and sniffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all grippe misery.

The very first dose opens your clogged-up nostrils and the air passages of the head, stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—just up Pape's!

**WHAT WAS THE TROUBLE?**  
Youngstown, Nov. 18.—"I used to put her arms round my neck and kiss me, but I didn't reciprocate," said Joseph Ungar on the stand today in a branch of promise suit for \$25,000 brought by Miss Regina Horvath, Brown of New York City. A number of ardent letters, said to have been written by Ungar to Miss Brown, were read.

**CONSERVATIVES WIN ELECTION.**  
Paris, Nov. 18.—Complete returns from the French elections show that the conservative, moderate and nationalist elements have 454 seats in the chamber of deputies while the extremists will have 54 members of the new chamber. Of this number 221 were former deputies, while 327 are men who have not hitherto been members of the chamber.

**PRESIDENT NOT AT MEETING.**  
Washington, Nov. 18.—While his cabinet was meeting in the executive offices of the White House this morning President Wilson again was wheeled out to the south lawn, where he remained in the sunshine for half an hour. Secretary Lansing presided at the cabinet meeting, which was the regular weekly session, and most of the members were present.

**UPHOLDS PEACE CONFERENCE.**  
Paris, Nov. 18.—The supreme council today decided to inform Premier Memel of Greece, that it could only confirm the view of the peace conference concerning the provisional character of the occupation of Smyrna by the Greeks.

**Chicago.** Five hundred employees of Chicago photographic strike to enforce demands of shorter hours and increased wages.

**CRACKSMEN GET \$12,000.**  
Louisville, Ky., Nov. 17.—Cracksmen apparently professionals, broke into the Jefferson County Bank at Jefferson township, Ky., 12 miles from Louisville last night and got away with labels of the war saving stamps and cash variously estimated at from \$10,000 to \$50,000.

Electric motor drills and acetylene gas torches were used to cut a section from the floor of the safety deposit vault. Efforts to reach the vault containing the safe with the bank's funds were fruitless.

**Marriage Licenses.**  
Freeman O. Stough, a glass worker and Miss Mary Martin, both of this city, Rev. L. C. Sparks to officiate.

Earl Hayship, a shoe worker of Columbus and Miss Anna Gornel of this city, Justice D. M. Jones to officiate.

**CRACKSMEN GET \$12,000.**  
Louisville, Ky., Nov. 17.—Cracksmen apparently professionals, broke into the Jefferson County Bank at Jefferson township, Ky., 12 miles from Louisville last night and got away with labels of the war saving stamps and cash variously estimated at from \$10,000 to \$50,000.

Electric motor drills and acetylene gas torches were used to cut a section from the floor of the safety deposit vault. Efforts to reach the vault containing the safe with the bank's funds were fruitless.

## PERSONAL

Howard Darrow has returned from a business trip to Chicago.

Manager White, of the Klesge store, who has been housed up for a week, is able to be at the store.

Miss Matelle Johnson of Columbus spent Sunday with friends in Newark. Miss Johnson is secretarial stenographer in the hygiene department of the state health board.

Professor A. B. Graham of Washington is spending a few days with Mr. and Mrs. Walter Sperry of Wyoming street. He is returning from a six weeks trip to California.

Mrs. Alan Thuma of London, is visiting Mrs. Dot Stone, at the home of her sister Mrs. Charles McCough in West Main street.

Mrs. Mary Orr of Thornville, who has been visiting her sister Mrs. C. W. Five of North Fourth street has returned home.

Miss Curtis Five of North Fourth street, who was taken seriously ill over three weeks ago is not so well today. She is still confined to the home.

Edward Drumm and son Edward, Jr. have returned to their home in Cleveland after having been called here by the sickness and death of the former's daughter, Mrs. Violet Westbrook Mrs. Drumm will remain for some time.

Miss Ollie Young of Mt. Vernon is visiting at the Cosner home in West Main street.

Mrs. S. A. Anderson and Mrs. P. H. Cosner were visitors in Zanesville yesterday.

## THE COURTS

**Common Pleas Notes.**  
Judge John C. Hoover, of Bellefontaine, arrived in the city this morning and is presiding in common pleas court No. 2 at the trial of an assignment, for two weeks of jury cases.

The court and a jury were engaged on Monday in the trial of the case of Alta Giblin vs. John J. Connell, et al. Plaintiff sues to recover compensation for personal injuries suffered by falling into a cellar way on Fourth street in 1912. She claims that the injuries are permanent and asks for the sum of \$10,000.00. This afternoon at 1:30 o'clock the jury returned a verdict in favor of plaintiff awarding her damages in the sum of \$1,000.

**Anna Hartman vs. Industrial Commission of Ohio.** Judgment of dismissal entered, without prejudice to a new action.

**Richardson Hay and Gram company vs. C. A. Pence.** Judgment of settlement.

**Two W. Ferrell vs. Irene E. Miles.** Two cases, passed from the assignment.

**Heirs Are Enjoyed.**  
Edison M. Loring et al. has filed a petition in common pleas court against Loema Loring, in which he alleges that plaintiff is the heirs at law of the late David Loring and owners of one fourth of about 1000 acres of land in Bennington township. Plaintiff for their alleges that defendant occupies same and has cut down fourteen oak trees of the value of \$1,050, and asks the court to enjoin defendant from removing them or cutting more timber, and that an account be taken and judgment be awarded the plaintiffs.

**Charges Cruelty.**  
Thomas W. Stickle, et al. filed a petition in the court of common pleas against Della V. Stickle. They were married March 17, 1902, and are the parents of two children aged 13 and 15. Plaintiff alleges that the defendant has failed and refused to perform her household duties and has left home on three occasions the last time November 15, and is still absent, that she has been guilty of extreme cruelty in that she has been cross and ill-natured toward plaintiff and has in many ways made his home life unhappy and unbearable. He asks that he be given a divorce and all relief to which he may be entitled.

**Cracksmen Get \$12,000.**  
Louisville, Ky., Nov. 17.—Cracksmen apparently professionals, broke into the Jefferson County Bank at Jefferson township, Ky., 12 miles from Louisville last night and got away with labels of the war saving stamps and cash variously estimated at from \$10,000 to \$50,000.

Electric motor drills and acetylene gas torches were used to cut a section from the floor of the safety deposit vault. Efforts to reach the vault containing the safe with the bank's funds were fruitless.

**Marriage Licenses.**  
Freeman O. Stough, a glass worker and Miss Mary Martin, both of this city, Rev. L. C. Sparks to officiate.

Earl Hayship, a shoe worker of Columbus and Miss Anna Gornel of this city, Justice D. M. Jones to officiate.

## PRINCE GOES TO NEW YORK.

New York, Nov. 18.—New York awaited the arrival of the Prince of Wales from White Sulphur Springs to day for a five day visit with more than ordinary interest. Long before the prince's landing at the battery, great crowds packed the park, while still greater throngs lined the route of the royal party from lower Broadway to City Hall.

**MOONSHINERS KEEP AGREEMENT.**  
Anniston, Ala., Nov. 18.—Having finished harvesting their crops, 12 mountaineers of this section, surrendered themselves at the jail here today carrying out an agreement with the court which several weeks ago sentenced them to serve from 30 to 60 days in jail for making "moonshine" whiskey. A thirteenth farmer sent word that he would come in as soon as he had finished butchering his hogs.

**RAISE CHARITY CHEST.**  
Cleveland, Nov. 18.—A community chest campaign to raise \$3,500,000 opened here today and will continue through November 26. The fund would be distributed through the city's 30 social and relief institutions.

About ninety five per cent of the motion pictures shown in British India are American productions.

Abraham Lincoln is the inventor of a device to be clamped to the edge of a table to hold playing cards.

MUTT AND JEFF

THE MARKETS

**Wall Street.**  
New York, Nov. 18.—A two point rise in Pressed Steel Car and a four point decline in Crucible Steel featured the irregular trend of stocks at the sluggish opening of today's session. Gains predominated in the main, however, some of yesterday's strong issues being again well represented. Chief among these were General Motors Middle States Oil and Carro De Pasco Copper at gains of 1 to 2 points. Rails were an uncertain quantity at the outset but soon improved under lead of transcontinental and grangers.  
Changes in the market became more confusing later. General motors replaced its early gain of 3 points with a loss of almost 5 and rails failed to hold. Union Pacific dropping 2 points. There were several conspicuously strong issues, notably Endicott Johnson which gained six points, and the so-called wire metals, especially Western Union, metals and shippings also helped to stabilize the general list. Before noon, however, the market reacted sharply. Crucible Steel again leading the reversal at an extreme decline of 27 points, dropping 5 points between sales. Call loans opened at 12 per cent.  
**Cleveland Produce.**  
Cleveland, Nov. 18.—Butter, Creamery in tubs, extra 14 1/2c; extra firsts 14 1/2c; firsts 14 1/2c; second 14 1/2c; third 14 1/2c; fourth 14 1/2c; fifth 14 1/2c; sixth 14 1/2c; seventh 14 1/2c; eighth 14 1/2c; ninth 14 1/2c; tenth 14 1/2c.  
**Pittsburgh Live Stock.**  
Pittsburgh, Nov. 18.—Hogs: Receipts 1500; market steady to lower; heavies \$14.50@14.80; heavy Yorkers \$14.75@15.15; light Yorkers and pigs \$15.00@15.25. Sheep and lambs: Receipts 500; market steady; top sheep \$10.25; top lambs \$14.25.  
Calves: Receipts 200; market steady; top \$13.  
**Cincinnati Live Stock.**  
Cincinnati, Nov. 18.—Hogs: Receipts 4800; market steady to 25c lower, selected heavy shippers \$14.25; good to choice packers and butchers \$14.25; medium \$14.25.

**Chicago Grain Review.**  
Chicago, Nov. 18.—Pronounced strength developed in the corn market today largely as a result of the fact that country offerings to arrive were small and receipts light. Opening prices, which ranged from the same as yesterday's finish to one cent higher, including December at \$1.20 5/8 to \$1.21 1/4 and May \$1.25 1/2 to \$1.25 1/2, were followed by material advances all around.  
Oats were firmer with corn. After opening a shade to a quarter to 3/8 higher, including May at 75 3/4 to 75 1/2, market reacted a little but then hardened again.  
Provisions sympathized with the advance of cereals. Weakness of hog values was an offset only in part.  
**Chicago Produce.**  
Chicago, Nov. 18.—Butter, higher, creamery 57 1/2c.  
Eggs, receipts 4342 cases; unchanged.  
Poultry alive, unsettled; springs 22; fowls 14 1/2@22; turkeys 32.  
**Chicago Live Stock.**  
Chicago, Nov. 18.—Hogs: Receipts 58,000; fairly active, 10 cents to 15 cents lower; top \$14.75; bulk \$14.35@14.65; heavy \$14.25@14.75; medium \$14.35@14.75; lights \$14.25@14.65; light

Colville and Patterson 11-17-3tx  
**FARMERS AND DEALERS NOTICE.**  
Owing to the fact that our country now is faced with labor strikes of most all descriptions, we shall urge those who anticipate selling their poultry this year for the Thanksgiving trade to sell early as we anticipate our best prices will be paid up until about the 23rd. This will enable us in the event of an express embargo to still have a chance to ship our poultry through by freight. Get our prices daily by phone for turkeys, ducks, geese, and chickens.

**GARY STEEL MILLS HAVE NORMAL FORCE**  
Gary, Ind., Nov. 18.—Steel mills in Gary today were running at normal capacity for the first time since the strike of steel mill workers was called several weeks ago, mill officials announced. Steel hammers and strikers returned to work yesterday, and the twelfth blast furnace was put into operation today, with a full complement of men.  
**LEAGUE MUST GO ON WITHOUT AMERICA**  
London, Nov. 18.—Commenting upon resolution of the Versailles treaty by the United States senate and President Wilson's threat to withdraw the pact the Chronicle which is supposed sometimes to reflect the views of Premier Lloyd George says:  
"Unless the league is to fall altogether other nations must go ahead for some years without America's participation, and we hope they will promptly decide to do so."  
**WOULDN'T PERMIT SPEECH AGAINST NATION'S LEAGUE**  
Appleton, Minn., Nov. 18.—After being locked in a refrigerator car for several hours, where he was placed by the sheriff, a man named John Lunden, after his attempt to speak against the League of Nations, Ernest Lunden, former congressman from the fifth Minnesota district, today went by passenger train to the twin cities, "more determined than ever to continue his fight against the League of Nations," he declared.  
Crowds gathered in various parts of the city preceding the meeting last night. The sheriff said he feared trouble when the meeting started so when Lunden appeared on the stage he escorted him to the railroad station, with the assistance of several others. A freight train was just pulling out and Lunden was pushed into a refrigerator car and the door locked. Trainmen heard his shouts and he was released before the train reached Appleton.  
**CLEVELAND JUDGE MAY GET IT.**  
Columbus, Nov. 18.—Judge P. A. L. Leishley, Cleveland, former judge of the court of appeals in Cleveland, was said today to be the man most likely to be selected judge of the supreme court of Ohio to succeed Judge Maurice H. Donahue, who has been elevated to the United States circuit court of appeals bench.  
**TWO HELD FOR MURDER.**  
Youngstown, Nov. 18.—Edward and Henry Rooney, brothers, are held by police today, charged with the murder of John Henry, who was beaten to death in a storeroom in Youngstown, Ohio, here. The murder is said to have been the result of a neighborhood quarrel.

## Proposed Plans for Railroad Legislation

### A Summary In the Nation's Business for October by Richard Waterman

Secretary, Railroad Committee Chamber of Commerce of the United States

THE Chamber of Commerce of the United States has prepared the accompanying chart to show in convenient form for comparison by busy men seven proposed plans for railroad legislation. In all probability one of these plans will be enacted into law before the

President returns the railroads to their owners on January first. The Transportation Conference plan is proposed by the National Transportation Conference which was held under the auspices of the Chamber of Commerce of the

United States, and included in its membership prominent men belonging to every important interest affected by transportation—commercial, industrial, agricultural, financial, labor, governmental, economic, civic and social. The fundamental features of this plan, printed below in

black-face type, have been approved by a referendum vote of the business men of the country. Certain additional features of the Conference plan, printed below in light-face type, are in harmony with the remainder of the plan, but have not yet been submitted to a referendum vote.

	Senate Committee Plan	Commerce Commission Plan	Railway Executives Plan	Transportation Conference	Warfield Plan	Amster Plan	Plumb Plan
<b>Ownership and Operation</b>	The Cummins Bill S. 2906 presents the recommendations of the sub-committee of the Senate Commerce Committee on Interstate Commerce. It provides for:	The Esch-Pomerene Bill H. R. 4378 presents the plan proposed by the Interstate Commerce Commission. It provides for:	The tentative draft of a bill laid before the House Committee by T. D. Cuyler, President of the Association of Railway Executives, provides for:	The Frelinghuysen Bill S. 2998 presents the plan proposed by the National Transportation Conference held by the U. S. Chamber of Commerce.	The tentative draft of a bill laid before the House Committee by S. Davies Warfield, President of the National Association of Owners of Railroad Securities.	The Lenroot Bill S. 2889 presents the plan proposed by Nathan L. Amster, President of the Citizens' National Railroads League. It provides for:	The Sims Bill H. R. 8157 presents the plan proposed by Glenn E. Plumb and endorsed by the Railroad Brotherhoods. It provides for:
<b>Consolidation and Competition</b>	Consolidation of all railroad property into 20 to 35 systems in accordance with a plan previously adopted by the Railway Transportation Board and approved by the Interstate Commerce Commission—consolidation to be voluntary if accomplished within seven years, and if not, compulsory.	Consolidation of existing railroad systems when approved by the Interstate Commerce Commission.	Consolidation of existing lines into strong competitive systems wherever found to be in the public interest; and also provision for joint use of equipment and terminals when in the public interest.	Consolidation of existing railroads into strong competitive systems under conditions prescribed by the Federal Transportation Board; with provision that after five years the consolidations planned by the Board are not well advanced, the Board may require their completion.	Permission to consolidate existing railroads when found by the Interstate Commerce Commission to be compatible with the public interest.	Complete consolidation of all railroad companies into a single national corporation, thus putting an end to competition.	Consolidation of all of the railroads into a single national system; and elimination of all competition.
<b>Federal Incorporation</b>	Federal incorporation of all railroads with a requirement that each corporation shall include in its Board of Directors two representatives of classified employees and two representatives of the government.	Opposition to federal incorporation as a complicated, protracted and probably unconstitutional method.	Provision for permissive federal incorporation of all interstate carriers.	Federal incorporation of all existing railroad companies and of new ones, with a requirement that each railroad company shall be managed by the directors, of whom 8 shall be elected to represent the stockholders, 2 to represent the employees and 2 to represent the principal interests in the territory served by the system.	Opposition to federal incorporation on the ground that it is unnecessary, is probably unconstitutional and would involve endless litigation.	Federal incorporation of the National Railway Corporation with a board of eleven directors, including one director representing the Interstate Commerce Commission, one the State commissioners, two the employees, two commerce industry, two the farmers and three the stockholders.	Creation by Congress of the National Railways Operating Corporation, composed of the Board of Directors, official employees and classified employees—5 directors to be elected by classified employees, 5 by official employees and 5 appointed by President of the United States.
<b>Security Issues and Capital Expenditures</b>	Exclusive regulation and control by the Interstate Commerce Commission of the issuance of railway stocks and bonds and of the purposes to which the proceeds thereof may be applied.	Full control by the Interstate Commerce Commission over stock and bond issues and over the expenditure of the proceeds.	Exclusive national control of the issue of securities and the expenditure of new capital—this control to be exercised by the Federal Transportation Board.	Exclusive federal regulation of the capital expenditures and the security issues of all railroads engaged in interstate commerce.	Supervision by the Interstate Commerce Commission (in conjunction with the six Regional Commerce Commissions) over issue and sale of securities and over the expenditure of proceeds.	Complete supervision by the Interstate Commerce Commission of the issuance of securities and the expenditure of the proceeds.	Corporate securities eliminated. Government bonds issued for amount of value of property. Funds for capital expenditures appropriated by Congress or raised by local governments through taxation or assessment.
<b>Adequate Revenues</b>	Initiation of rates by carriers subject to the approval of the Interstate Commerce Commission. Requirement that the Interstate Commerce Commission shall divide the country into rate districts and the carriers into rate groups for rate-making purposes. Regulation of all rates that affect interstate commerce by the Interstate Commerce Commission under a statutory rule providing that in making rates for the general rate groups the Commission shall take into consideration the interest of the public, the shipper, the wages of labor, the cost of maintenance and operation, including taxes and a fair return on the value of the property.	Regulation of rates by the Interstate Commerce Commission under the provision of the Act to Regulate Commerce with amendments shortening the period of suspension of rates, authorizing the Commission to determine the division of rates between carriers, to consider the cost of service principle in fixing rates, and to exercise other broad powers affecting the general rate structure.	Initiation of rates by the carriers. Exclusive regulation of rates by the Interstate Commerce Commission with the aid of Regional Commerce Commissions. Regulation of all rates that affect interstate commerce by the Interstate Commerce Commission under a statutory rule providing that in making rates for the general rate groups the Commission shall take into consideration the interest of the public, the shipper, the wages of labor, the cost of maintenance and operation, including taxes and a fair return on the value of the property.	Initiation of rates by the carriers subject to the approval of the Interstate Commerce Commission. Regulation of all rates that affect interstate commerce by the Interstate Commerce Commission under a statutory rule providing that in making rates for the general rate groups the Commission shall take into consideration the interest of the public, the shipper, the wages of labor, the cost of maintenance and operation, including taxes and a fair return on the value of the property.	Initiation of rates by the carriers; and consideration of proposed changes in rates before the Interstate Commerce Commission is filed with the Commission by rate committees composed of representatives of the railroads and the shippers. Maintenance of a general rate level by the Interstate Commerce Commission under a statutory rule prescribing that rates shall, as nearly as possible, produce not less than 6% on the aggregate investment in the railroads grouped in each of the three classification territories; each railroad receiving as much of the 6% as its efficiency in operation may secure for it under competitive conditions. Distribution of the excess earnings of each road, 1/3 to the road and 2/3 to be divided equally between labor and the public.	Initiation of all rates by the Corporation. Regulation of rates by the Interstate Commerce Commission providing that rates shall be at least adequate to produce revenues sufficient to pay all proper operating expenses and fixed charges, to pay maximum dividends on all outstanding stock and in addition to produce a sum not exceeding 2% of the par value of all outstanding stock. Government guarantee of a 4% dividend on all stock issued by the Corporation; payment of a maximum dividend of 6% when earned and distribution of all earnings in excess of 6%—40% to labor, 30% to the public for improvements and retiring outstanding stock and 30% to the stockholders.	Initiation of all rates by the National Railways Operating Corporation. Regulation of all rates by the Interstate Commerce Commission. Payment of deficit (if any) by the United States Government. Distribution of surplus earnings (if any) after operating expenses are paid and fixed charges are met, including the interest on outstanding government securities—one-half to the government and one-half to the railroad employees.
<b>Wages and Working Conditions</b>	Creation of a committee of wages and working conditions (four employees and four representatives of the companies) to settle disputes; with appeal to the Transportation Board in case of deadlock. Declaration that decisions of the Board i. e., of the Government, shall be final, and that railroad strikes and lockouts are forbidden.	(No declaration.)	(No declaration.)	Adjustment of wages, hours of labor and other conditions of service of employees by boards consisting of equal numbers of representatives of employees and officers of the railroads, with appeal in case of a deadlock to the Federal Transportation Board as referee.	Authorization of each Regional Commerce Commission to act as a Board of Conciliation or Arbitration in all controversies between the carriers and the employees in its region, its decisions being subject to review by the Interstate Commerce Commission.	Appointment from time to time of advisory boards composed of equal numbers of representatives of the employees and of the Corporation to investigate demands relating to wages, hours of labor or working conditions and publish their findings and recommendations, which, however, shall not be binding on either side.	Determination of wages by the Board of Directors of the Corporation. Adjustment of disputes between officials and men by boards to which the operating officials elect 5 members and the men 5 members; with appeal to the Directors in case the Board fails to reach an adjustment.
<b>Federal Agencies of Regulation</b>	Continuance of the Interstate Commerce Commission with enlarged powers to regulate rates and security issues. Creation of a Railway Transportation Board with five members appointed by the President to perform many important executive and administrative functions, including some now performed by the Interstate Commerce Commission.	Maintenance of the Interstate Commerce Commission with all of its present powers and in addition authority to regulate carriers by water, to control consolidations, joint use of facilities and the pooling of freight earnings; to authorize additions, extensions and the construction of new lines; to adjust conflicts between federal and state jurisdictions; and to control security issues and capital expenditures.	Maintenance of the Interstate Commerce Commission with authority to regulate rates and to continue its present valuation and accounting functions. Creation of a Federal Transportation Board composed of three Commissioners appointed by the President and charged with the general oversight of the public interest of all transportation. This board would be co-ordinate with the Interstate Commerce Commission and would relieve it of all functions except rate regulation, valuation and accounting.	Maintenance of the Interstate Commerce Commission with all of its present powers and in addition additional powers over rates. Creation of a Federal Transportation Board of five members appointed by the President to promote the development of a national system of rail, water and highway transportation, to inquire into and propose measures for preventing abuses, to report upon the public necessity for capital expenditures and to regulate security issues.	Continuance of the Interstate Commerce Commission to control and regulate rates, adjust wages and perform other regulatory functions belonging to the federal government. Creation of six Regional Commerce Commissions to exercise concurrent jurisdiction with the Interstate Commerce Commission. Formation of the National Railways Association, a corporation managed by nine Interstate Commerce Commissioners and eight representatives of the railroads, to furnish a great clearing house for railroad operation.	Maintenance of the Interstate Commerce Commission with all of its present powers and in addition authority to regulate rates, security issues and capital expenditures and to exercise other broad regulatory functions. Creation of an Efficiency and Economy Board of five members appointed by the President from a list submitted by the national engineering societies and one nominated by the employees—to study facilities and service and to devise and recommend improvements in physical equipment and in operating methods.	Maintenance of the Interstate Commerce Commission with its present rate-making powers. Creation of the Railway Board of Appraisal and Extension composed of the nine Interstate Commerce Commissioners and three other members selected by the Directors of the Corporation to determine the amount of compensation to be paid to the present owners of the roads and the amount to be paid for new extensions and improvements.

## How quickly Resinol Soap cleared my skin

"Do you remember, Marie, how bad my skin looked a short time ago? I was so miserable about it, I never really enjoyed myself. I wouldn't have believed what an improvement Resinol Soap could make. It is wonderful how it gets

right into the pores and cleanses them from little particles of dust, etc. It makes my skin feel so refreshed, too, because it has such a wholesome odor, and is so soothing. I wish everybody would try it."

At all druggists' and toilet goods counters.

## A WEALTH OF HEALTH FOR YOU IN GOLDEN TABLETS

### NITELETS AVOID THE ILLS OF CONSTIPATION AND INDIGESTION

After you've had a touch of constipation or indigestion, you know how valuable good health is. You cannot work with a headache, dizzy feeling, flashes before the eyes, pains in your stomach and bowels, listlessness, nervousness and many of the other effects of constant constipation to torment you.

Already thousands of users are keeping the stomach clean and bowels and liver natural and normal by using Nitelets as soon as signs of constipation or indigestion appear. Nitelets are so pleasant it's no trouble to take them—you can't tell their effect from nature itself.

Nitelets are scientifically made to act upon the organs of digestion. They stimulate and strengthen, instead of sapping the strength of liver, stomach and intestines like ordinary cathartics. You'll be surprised how good you feel if you take Nitelets at night. In trial box of 15, 10c; regular size, 45 for 25c. At your druggist. Guaranteed—Adv.

Sold and recommended by Evans' Drug Store, Erman Drug Store, West End Pharmacy, R. L. Williams, and C. W. Redman & Co.

## DISCHARGE HIM? SURE NOT

Landlord of Typical West of Ireland Estate Highly Valued Poor Marks-manship of Lodgekeeper.

It was a typical West of Ireland estate, and the Sassenach landlord was just driving his newly arrived English guest through the lodge gates when a bullet zipped by his ear. "Good heavens!" exclaimed the guest. "What was that?"

"O, only one of my men having a pot shot at me," replied the landlord. "I rather fancy it was my lodgekeeper."

"Great Scott!" again ejaculated the guest. "What will you do with the fellow—have him arrested for attempted murder?"

"Do with him?" repeated the landlord. "Nothing, of course."

"Not even discharge him?" persisted the guest.

"Good gracious, no!" replied the landlord. "Why, I wouldn't lose the fellow for a fortune. He's one of the worst shots I've ever had on the estate!"

FIRST STATUE IN THE U. S.

Jackson Memorial, Designed, and Erected by Sculptor Who Started Life as Plasterer.

The Jackson statue, in Lafayette park, Washington, was the first equestrian statue unveiled in the United States. The famous statue of George III, which the New York patriots pulled down in 1776, was built before there was a United States. The Jackson statue was designed and erected by Clark Mills, a "self-made" sculptor, who started life as a plasterer. He had never seen an equestrian statue before he started work on this one, and the appliances for modeling and casting were made by him. The metal in the group is made of cannon captured by Jackson from the British.

The equiscope of the group is perfect, and no important balancing rods are used to keep the statue from toppling. Mills claims that he had so perfectly attained the center of gravity in the work that the group would balance perfectly on the hind feet of the rearing charger. This fact was proved, but when the statue was erected the hind feet of the horse were bolted, or otherwise fastened, to the base or pedestal, to secure it against the possible effects of high winds or other disturbing or mischievous causes.

erman experimenters are trying out electrical machinery for cutting pent.

## Ye Old-Time Telephone Girl.

"Time was, before the experts came along and, in vulgar business parlance, 'sold efficiency' to the telephone companies, when the telephone was a real convenience." John Armbruster relates in Everybody's. "The historic instance of the lady who rang up central and said: 'I am just stepping over to Mrs. Brewster's for a few minutes to get her doughnut recipe—she's Main 227—and I'll leave the receiver off so you can hear if the baby cries and let me know.' In my home town we used to ask central where the fire was and who was dead and did she think there was any mail for us."

## Fire-Resisting Construction.

For fire-resisting construction, the recommendations of the American Concrete Institute specify that limestone, trap-rock and burned clay be given preference over highly siliceous gravels, which disintegrate under intense heat. When gravel is used, without a protective coating, columns should be made round instead of rectangular. When gravel, with spiral reinforcement, is used for either round or rectangular columns, it is suggested that additional protection be given by a coating of one inch of cement plaster, either on metal lath or reinforced by light expanded metal.

## Electric Circular Saw.

Among recent electric tool novelties is a portable circular saw, provided with the handle of an ordinary hand saw. The tool weighs only 12 pounds with its one-quarter horsepower motor, uses a 3-inch crosscut or rip saw, has a suitable depth gage and is provided with an aluminum base grooved to slide on a guide track when necessary. The blade is covered with a safety guard.

## Italy's Lumber Requirements.

Destruction of the invaded district of Italy, although bad enough, has not been so great as anticipated. Unless there is a tremendous industrial development as a consequence of the war, it seems likely that even with favorable freight rates Italy's requirements in the lines of rough and sawn lumber for ordinary commercial use will not exceed 2,000,000,000 to 2,500,000,000 board feet a year.

## The Other Way Round.

Merrington—"Many a wise word is spoken in jest." Stingsby—"Yes, but they can't compare with the number of foolish ones that are spoken in earnest."

## OUR CAPTURED FLAGS ABROAD

Emblems Taken During the War of 1812 Are Safely Preserved in London.

A recent walk through Chelsea brought me to several places of interest to Americans. Firstly, the old Royal hospital, built in the reign of King Charles II, the great hall of which is now used as a recreation room for the old pensioners and from whose walls a number of flags captured during the 1812-1815 war are suspended. The colors hang sedately side by side with Napoleonic eagles and other war trophies, and if it were not for the records it would be almost impossible to discern their story. Among them are flags of the Sixty-eighth and Eighty-fifth regiments captured at Bladensburg; the Kentucky regimental flag, the Fourth regiment of United States infantry, taken at Detroit; the Second regiment of the United States infantry and another taken at Queens-town Heights.

I wonder how many Americans know of their existence. It would certainly be a graceful act of the British government to return them to America. No doubt the American authorities have some similar trophies which they would be pleased to exchange—London landmark.

## Assists Visits to Graves.

According to a report received here the American Young Women's Christian association overseas has been requested by the United States army to open hotels to care for relatives visiting the four large American military cemeteries in France. The first hotel will be opened at Revinny, near the cemetery where is a small town, and prior to this had no hotel accommodations. A cable also states that hotel Petrograd, the Y. W. C. A. hostess house in Paris, which was to have been turned into an American women's club with an information bureau and guides, for the benefit of woman relatives going to France to visit soldier's graves, is now being used for the emergency housing of 200 British and French girls working with the American army.

## "Good Night" Is Too Long.

The countryman's "How do?" or "How be?" is outclassed by the London printing trade's "Good" or "Good, George"—omitting the "night" and the "morning"—London Chronicle.

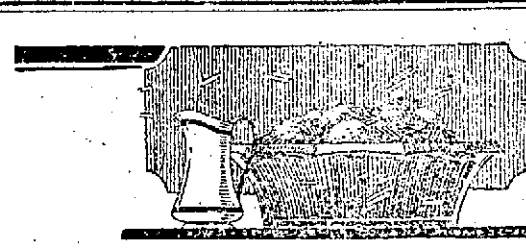

Whether native or foreign born, the citizen who cannot read, comprehend and speak English cannot function at a very high quality of citizenship.—Houston Post.

## Here's a Real Treat

GIVE the family a chocolate pudding made rich and creamy with Every Day Milk. It will be so full of pure, milk flavor that you yourself will wonder how you made it at so little expense.

You see, a sixteen ounce tin of Every Day Milk is really all the cream, all the richness, all the butter fat, of over a quart of rich pure milk, most of the water has been taken out—and nothing has been added.

My family says it looks like cream—and it takes the place of cream.

It makes me independent of the ice man and the milk man. It is always handy—always germ-free and pure—always ready for use—and always has the same delicious cream-like flavor.

Every day use Every Day.

## EVERY DAY MILK

## MAPLES FOR VIMY RIDGE

Canadians Begin Planting of What is  
to Be Memorial Forest on  
Battlefield.

An overseas dispatch says 200 young maples have been planted on the desert of what was Vimy Ridge. This is the beginning of the proposed Canadian memorial forest—the maple is Canada's emblematic tree—and the saplings just placed are declared to be the only living trees in the war zone today.

How the landscape has been changed and how the reconstructed one will differ from that before the war? Most Americans think of Holland, Belgium, Flanders as painted by Van Goyen, Ruysdael, Rembrandt and others. Instinctively the mental picture follows Hobbema's "Avenue of Middelhamis," with spindling, thin-shanked, wisp-topped and scant-on-shade trees either side the road. What a different aspect maples would give the scene, or oaks, or elms or other wide-spreading varieties. The European, like the oriental, seems to have chosen his favorite trees on some other basis than expansive foliage—the cedar, the cypress, the palm, the stonepine, the poplar of Lombardy; yet the inspiration for Gothic cathedrals came from the solemn groves of archlike trunks and limbs and foliage, and wherever two elms meet there is the suggestion right at hand.

Many years must elapse before the war-torn regions are again venerable with trees, and by that time a new school of landscape painting may have come, glad to paint full, rounded trees like the American, Inness; or, reversing the Inness method, of leaving a circular opening through his trees to reveal the scene beyond, this future school may feature the transplanted maple's rounded "area" in the foreground while displaying the European background on either side.

## BANANAS MAKE BERLIN GLAD

After Five Years' Absence, This Na-  
tive of the Tropics is Real  
Symbol of Peace.

As I was passing down the Friedrichstrasse, says a correspondent of the London Times, writing from Berlin, my eye was caught by a crowd of people which suddenly collected in front of a delicatessen shop.

It was only with difficulty that one could get near enough to see what it was that attracted so much attention. I heard exclamations of wonder and admiration, and on looking a little more closely saw—a bunch of bananas which the shopkeeper had just hung up in the window and which was a novelty to the Berliners, who for nearly five years have seen not a trace of this fruit, once so plentiful and cheap in the capital.

The smiling faces and little jokes made it quite evident that the banana was recognized as a symbol of peace, and that the delight felt at its presence was due to the evidence it afforded that the blockade is a thing of the past.

## 'Some Airplane Gas is Pink.

There is a difference between automobile gasoline and airplane gasoline. For aircraft the gas must be lighter and more volatile, that is, evaporate more readily, than ordinary gas. This causes it to work better at great altitudes. There are three grades of gasoline for our airplanes, one for training planes, a better grade of gasoline for bombing planes and the very best grade for the fighting planes. "Fighting gas," as it is called, is colored pink. This is to distinguish it from other grades so that inexperienced men working at the aviation fields will not use this valuable gasoline for other purposes. This pink gas is as pure as it can be produced, refined and doubly refined and strained or filtered until there are no impurities left in it.—American Boy.

## Holding Down a Profession.

A young fellow living in one of Indiana's small towns was graduated from the high school and looked about for some easy, yet lucrative profession. He finally decided to study medicine, and settled down in the office of the town's most popular doctor for a summer's reading. As he read he watched this busy man's hours of work.

One day in the late summer the doctor came in out of a drenching rain, tired out, and a trifle cross. Glancing at the immaculate young fellow, whose heels were resting on the office desk, he asked brusquely:

"Still think you want to be a doctor?"

"Ye-es," came the languid answer, "but I've decided to practice only on fair days, and not go out on nights."—Indianapolis News.

## Fishermen Had Good Day.

Three South Portland (Me.) fishermen, Dr. George W. C. Studley, Percy York and Captain William York, were out after groundfish when they sighted a swordfish. They had no swordfish fishing outfit, but with a stove poker and a bathhook handle they improvised a harpoon, with which they landed the big fellow. In Portland they sold the swordfish for \$90, and the groundfish they had caught—about 1,000 pounds—for \$60.

## Misdirected Wifely Solitude.

Mrs. Flatbush—Are you wearing those pretty suspenders, with flowers all over 'em, I gave you for your birthday, Henry?

Mr. Flatbush—No, dear; I was afraid the nail I'm using in place of a button would rust 'em.

The manufacture of caffeine from tea dust is increasing in Japan.

## NEW MUSIC FOR THE HOLIDAYS

YOUNG BARITONE  
ENTERS LISTS OF  
GREAT ARTISTS

Another star of first magnitude  
appears in the Victor galaxy.  
Many others shine in the  
musical firmament

Zimbalist

His greatest "find" of the year in new musical talent is undoubtedly the young Chilean baritone, Renato Zanelli, who with a single step, has taken his place among the great living singers. He is only in the twenties, but for all that he is not simply an "artist of the future," he is an artist of the present—and a great one, with a true baritone voice of great range, power, sweetness and flexibility.

His introduction to Victor audiences is made through his two initial Victor Records, "The Spanish Dance" and "Dead Zaza" respectively. His operatic debut takes place this month with the Metropolitan Opera Company in New York, and never, perhaps, has a first appearance been attended with greater auguries for the future. His career will be watched and followed with attention by the whole musical world.

Zanelli's appearance brings to mind that other youthful prodigy, Jascha Heifetz who was the musical sensation of several seasons ago. And Heifetz has just made a new interpretation on a Victor Record—Paganini-Kreiser "Caprice." Two things are to be considered in every record Heifetz makes—the bewitching beauty of his musical effects, and the extraordinary technical means used in order to bring the music to life.

His peculiarly rich effect is had by bowing one open string, leaving it powerfully vibrating, and passing on to two others so swiftly and so deftly the ear cannot follow. The record ends with passages of indescribable brilliancy.

The "Venetian Boat Song" is a very popular concert duet. The voices of Laura Littlefield and Elsie Baker blend perfectly on a new Victor Record, and the result is an unusually pleasing number. One is transported to "Venice the Golden," and we seem to rise and dip with the swing of the gondola.

The "Canoe Song" by Pestalozza which these artists also sing on the reverse of the record is a modern Italian composition, which has not been given the serious consideration by music-lovers which its beauty deserves.

To those who believe in the impermanence of happiness, either married or single, the song "When the Preacher Makes You Mine," sung by Adele Rowland on a Victor Record just issued, strikes a new and a wholesome note. It is the utterance of an impatient lover, who feels that he can't possibly wait till next Sunday, when the affair comes off. He winds up, man fashion, by declaring he'll be dogging her every when the preacher makes over to him, the lady-love of his dreams. It is done as might be supposed, in happy ravine.

On the reverse of the record Miss Rowland sings "Granny," a memory song of a little girl who used to crawl on Granny's lap when mother was tired at the day's end.

Werrenrath now a  
red seal artist

The first contribution that Reinold Werrenrath makes to music-lovers after his elevation to a seat beside the immortals of modern music in the Victor "Hall of Fame" is an interpretation of Victor Herbert's fine love-song "Molly," which he sings in splendid and manly style on a new Victor Record. The music is in that delightful Irish style which reminds admirers new and then that Victor Herbert came honestly by his powers. The song is beautifully

"Gets-It" Peels Off  
Corns Painlessly

Off They Come Like Bananac Skin.  
2 or 3 Drops, That's All.

There's a murderously painful way to get rid of corns, and then there's the peaceful, glorious "gets-it" way. After you have tried "gets-it" you will say never again!

Sold in Newark and recommended as the world's best corn remedy by T. J. Evans, W. A. Erman and R. W. Smith.

It has been estimated that the world's nut trees could supply nourishment to its entire population.

harmonized. Between the strophes there is an occasional and delightful bell-note, and just before the close a few harp-figures, scattered across it, like a handful of gems on a rich black ground.

The famous passage from Saint-Saens' biblical opera "The Deluge" is the subject for an interpretation on a Victor Record this month by Efrim Zimbalist. It is a most interesting and thoroughly melodious composition, of which Zimbalist has made a wonderful record.

Zimbalist

Lambert Murphy sings two modern tenor songs both on his latest Victor Record. Each has an exquisite violin obbligato that adds richness to the orchestral setting and gives added emotional interest to the music.

"Tell Me" is the title of one. "Yearning" is the name of the other.

Victor Herbert has given a swift answer to the question "What are American composers doing in the domain of the finer music?" by taking Charles Weinfield Cadman's "At Dawning" and giving it the rich and emotional setting for full orchestra that he has done for Victor Herbert's orchestra to play on a new Victor Record. On the reverse the same orchestra plays "The Walking Doll". In playing compositions of this type, no less than in the severer "classics" Mr. Herbert's body of musicians has taken a high rank among contemporary orchestras.

Gluck sings another  
old-time negro melody

Thousands have sung the song "Nelly Was a Lady," on the stage and off it, and thousands more have wept silently as they have listened to it, but nobody, perhaps, has ever sung the words with more perfect artistry, or with a nobler voice, than Alma Gluck, who puts into a new Victor Record she has made of this song the expression few artists ever achieve.

You never know in what fresh direction Caruso's versatility is going to spring forth. His interpretation of the "A Little Poser" on a Victor Record just issued is indeed something new.

It is one of the most delightful songs, in the popular sense, that ever came out of Sunny Italy. Additional interest attaches to the song as Mrs. Caruso has made a translation of the words into English.

Esther Walker is at it again. This month she has the oyster blues in a song she sings on a new Victor Record, "Blues (My Naughty Sweetie Gives to Me)". On the reverse of the record she sings "Sweet Kisses," a song of consolation from the land of dreams.

Popular songs by  
favorites in their line

Two songs of youth and love appear this month on one Victor Record. One, entitled, "Give Me a Smile and Kiss" sung by John Steel, is in vigorous march rhythm. The second, "Girl of Mine," is in a slower and possibly a tenderer strain.

"I Love You Just the Same. Sweet Annie," is the first song in which Lewis James and Charles Harrison, the two well-known tenors, make a Victor Record together. "Pretty Little Rainbow" is sung on the reverse of the record by the Sterling Trio.

Four medley records appear on new Victor Records this month. "Alcoholic Blues" and "Jerry" are played on one record by the "All Star Trio." "Tulip Time" and "Yellow Dog Blues" are played on another double-faced record by Joseph C. Smith's orchestra.

When you realize that all the music of all the world interpreted by the greatest artists of the day is yours to hear and enjoy nowadays by simply visiting the Victor dealer nearest you as the new records appear from month to month, you are conscious of the exalted privilege the present generation enjoys. And if you are the fortunate possessor of a Victrola all this wealth is yours to enjoy at pleasure any time of day or night.

## Raising Glasses.

"Well, here goes"—and every glass was swung upward and held for a fraction of a second before it "went." How started a custom, a mannerism now so general that no one drinking in company would think of omitting it even in these days of ginger ale and sarsaparilla? American sportsmanship demands that boxers shake hands before the bout. Autre temps autres mœurs. The time and temperament that sanctioned duels decreed that before the mortal combat the antagonists drink a glass of wine. To avoid the suspicion of attempting to poison each other's liquor both raised their glasses aloft and poured a little from each into the other. In these unromantic days poison has passed out of fashion, but the custom of raising glasses with its significance and implication of sincerity has remained.—Exchange.

## New Way of Tinting.

Glass may be tinted permanently by immersion in the medicinal water of Bath, England, and this recent discovery is to be made use of in the establishment of a stained glass industry.

## A Well-Shod Voice.

Pearson's Magazine—"Hold on, William," commands a voice in patent leather shoes, running down the stairs all pink with haste.—Boston Transcript.

Bernstorff generously exonerates the United States for its behavior. A sn expers in the matter, his opinion ought to be of value.—Baltimore American.

## MANY MILLIONS CANNOT READ

One-Tenth of Population of the United States Over Ten Years Are Illiterate.

"According to the best estimates," says a writer in Everybody's for July, "about 10,000,000, or more than one-tenth of our population over ten years old, cannot read or write English—a number greater than the whole population of Canada; greater than the whole population of the South in the Civil war; greater than the combined populations of 15 of our states. And of this number, fully half can neither read, write nor speak English. In some cities, such as Passaic, N. J., or Fall River, Mass., these strangers number a sixth or more of the population.

If this enormous population, alien in speech or literature or custom, were merely a population, merely living among us, that would be one thing to think about. But all of this 10,000,000 are also working among us, trying to build some kind of life for themselves. And in so doing, they have brought themselves into a closer relationship with us than we are often willing to admit, even if we are aware of it. More than 58 per cent of the people who make our steel and iron, more than 72 per cent of those who make our clothes, more than 85 per cent of those who refine our sugar, are foreign-born. And nearly all of them cannot read or write English, and at least a quarter of them cannot read or write their own language. Six hundred and twenty thousand of the million who mine our coal are foreign-born, and 465,000 of these come from non-English-speaking races, with but the slightest ability, if any, to read the English language."

## LATEST STYLE IN HAIR CUTS

New York Tonsorial Artist Advises  
to Trim the Hair "Physiologically."

"Hair cut physiologically" is the impressive sign on the window of a "tonsorial artist" in the downtown section of New York.

"What's the sign mean?" asked a customer who drifted into the shop as a barber started to wait on him.

"I don't know," was the reply. "Some new-fangled idea of the boss."

When appealed to the proprietor of the place swelled with pride and in his weightiest tones explained his brain child in this manner:

"That means that when you get into the chair we study your face and then proceed to cut your hair in such a manner that the trimming will conform to your general physiognomy, meaning your face. Sometimes a man is a victim of his barber in regard to his appearance—you know there are some men in the barber business here who ought to be shoemakers and cannot see any further than the hand that holds the expected tip. We bury defects in the face by the manner of hair cutting and enhance the good points. Women don't overlook this in putting up their hair and there is no reason why men should."

## Foolish Question.

An official who was making up an assessment roll because of some recent street improvement called at each house on the improved streets to learn the names of the property owners. At one house he climbed out of his car, went to the door and knocked.

"Who owns this property?" he asked. "Why, I do," the woman answered. The official got her name and put it down in his book. Then he took a squirt at the size of the lot.

"How many feet?" he asked. "Two, of course," the woman snapped, wondering whether he thought she was a centipede.

## Knows About Birds.

What Representative Weaver of North Carolina doesn't know about birds is not worth knowing. He understands their habits, can imitate their calls, is on speaking terms with their eggs, and everything.

When the house is not in session Weaver wanders around through the capitol grounds holding converse with the jay birds, sparrow hawks, crow blackbirds and such other birds as are found around Washington. And the town is full of birds.

Weaver got the bird habit through wandering about the North Carolina hills.

## Rent Profiters in Manila.

Landlords, owners of residences and business buildings in Manila, are taking advantage of the paucity of homes and commercial structures to raise rents abnormally. Workers for salaries or wages, and firms and companies in mercantile pursuits, complain bitterly of the demands of the owners or lessors of houses and stores, factories and bodegas. Most of the victims have to yield to the increased rents because they have no recourse. One man who paid \$40 a month for his small, uncomfortable home, has been informed that he must pay \$50.—Manila Times.

## 1918 Cotton Worth \$2,067,000,000.

The 1918 cotton crop, lint and seed, was worth \$2,067,000,000 to the producers. This is about three times the value of the cotton crop of 1914 and is twice the value of the crop of 1913, which had the highest value of record. The computation has just been made, at the close of the cotton year, by the United States department of agriculture, bureau of crop estimates, based on average monthly prices received by growers and on monthly marketings.—Agricultural Department News Letter.

Injections of turpentine can be used to preserve wood from insects.

## TAG DAY FOR PUBLIC LIBRARY NEXT SATURDAY

Next Saturday, November 22, the young ladies of the Thalian Literary Society of the Newark high school will conduct a tag sale on the streets of Newark for the benefit of the Public Library. The young ladies will be under the supervision of Miss Janet Jones and Miss Anna Booth of the high school faculty.

There is no institution in the city that deserves the support of every citizen more than the Public Library. For years the Library Association, composed of patriotic and public spirited women, together with the City Council, and many other friends have kept the library going. The library has grown rapidly during the past few years and has practically outgrown its present quarters. It should be the desire of every citizen to look forward to the near future when Newark will have a library building and a library of which she may justly feel proud. Until that time comes we should contribute sufficient money each year to replace the worn-out books and to add at least a small increment of new books.

## POSSE HUNTING FOR I. W. W. IN DENSE WOOD

Centerville, Wash'n, Nov. 18.—A reinforced posse composed of scores of experienced woodsmen and members of the American Legion resumed today a search through a dense forest 20 miles northeast of here for alleged members of the I. W. W. wanted in connection with the shooting of former service men during the Armistice day parade.

At least three of the fugitives were believed to be surrounded by the posse, but Captain Lloyd Dwyer, directing the search from here said he had no confirmation of a reported clash between the searchers and the fugitives.

### Milady's Boudoir

Coloring the Hair. No matter what the temptation do not induce in a method of keeping youth which is simply a delusion and a snare. If the color of the hair is changed to what it was in youth, the complexion does not at all match it and the subterfuge is very apparent.

If your hair is bent, naturally you will want it to look as bright as possible, and if it is dark you, of course, want it to stay that way and not become streaked. There are certain harmless ingredients that may be added to shampooing water that will remain to a good use all the natural beauty that the hair possesses.

Brunettes may use an egg or a little soda beaten into California shampoos. If they can get any in these prohibitory times. This wine takes its color from the skin of the black grape and contains tannin which is good for the scalp and hair roots. The yolks of eggs or substitute of soda or potash, are very good for dark hair.

How very fortunate you are if your hair is light, for the sun is always ready to shed its rays on your head and aid in the lightening process. The commonly accepted household bleacher, like ammonia, borax and soda, will lighten and lighten the hair, but they must be used with great care, for they have a very drying effect on the scalp and, after they have given one a pretty coiffure for a few days, the hair is apt to become seemingly more lifeless and dead than ever before.

A hairless mixture for lightening the hair is one made of equal parts of hubbard stalks and honey, steeped in three parts of white wine. Let the mixture stand for twenty-four hours, strain and use as a lotion when the hair is wet. Massage it into the scalp and let it dry in the hair.

### Twenty-Five Years Ago

(From Advocate Nov. 18, 1894.) Mrs. E. F. Very and Mrs. Andrews entertained on Tuesday afternoon with a reception in honor of Miss Lucia Gunney.

The Investors club has been organized recently. The club will study whist.

Ground was broken in West Newark yesterday for the erection of the Newark Machine Works.

Miss Mary Moore of Lincoln, Nebraska, is the guest of Miss Alice Fleck.

### 15 YEARS AGO.

(From Advocate Nov. 18, 1894.)

Mr. and Mrs. Jacob Shrader gave a party Wednesday in honor of their daughter Miss Mamie Shrader.

A. R. Lindorf is in New York attending a hair care sale.

The Baptist church that is being built in Hebron will be dedicated about December 1.

A number of Newark people attended the Viola Allen performance at the Great Southern theater in Columbus.

### Our Boys and Girls

Supper for children from four to eight years of age should be made up of a choice of strained rice and milk, rice pudding, jellies, custards, blanc mange, bread puddings or cream toast. For the older children a plain cookie or a piece of sponge cake may be allowed. Sifted drink should always be included at supper and breakfast, and the child has a small appetite, a cup of milk with zwieback may be given in the middle of the afternoon, unless a very early supper is the custom. It will be noticed that no meat is included in the foregoing list, nor is it necessary. To conform to economic requirements, however, to add to the food values, one egg a day may be given at dinner or breakfast, and it should be cooked soft. One egg and one quart of milk daily will take the place of all meats.

### Everyday Etiquette

"When acknowledging a wedding gift, is it necessary for the bride and groom both to sign the note?" asked Ned.

"The person who received the gift should write the note of thanks; that is, the one to whom the favor is a friend, should sign the note," answered his sister.

## AFTER TEN YEARS DISCOVERED JUST THE RIGHT THING

Ohio citizen, 70 years old, at last overcomes backache, nervousness, lazy liver, coated tongue and insomnia.

### FULL OF ENERGY.

Declares new herb juice remedy, Dreco, has done him wonders.

"For the past ten years I've searched for a remedy to clear the coating from my tongue, rouse my liver, and give me some energy and strength," says Mr. Lewis Gosnell of 318 Second Street, Columbus, O., formerly of Newark, O.

"When I was a boy (I'm 70 now), my mother depended on roots and herbs for her medicine, so when I saw Dreco advertised as an herbal medicine, I bought a bottle, and I'm completely restored from that drowsy, sluggish feeling, and am full of energy. I now sleep all night long, whereas before I was nervous and restless; never able to get to sleep before the early hours of the morning. My bowels were badly constipated, but now the action is free and easy. This is the first time in ten years that my tongue has been clear of that fuzzy coating, and my breath is pure and sweet. My liver acts fine and my stomach feels perfectly easy now, with no puffed up sensation. I am happy to once more feel perfectly healthy and it's all due to the splendid action of Dreco."

The old-fashioned remedies, made from roots and herbs, are the best for any one to take. Dreco is made from the finest roots and herbs, berries and berries. These act on the stomach, bowels and kidneys and purify the blood. Dreco knocks rheumatism out shortly; relieves catarrh of the head and stomach, makes you sleep soundly and creates a good appetite. As a purifier nothing can equal Dreco. It puts a stop to boils, eczema and other blood affections.

All good druggists now sell Dreco and it is highly recommended by Dr. Ark by Evans' Cut Rate Drug Store.—Adv.

### MOVIE ACTRESSES AND THEIR HAIR

Did it ever occur to you that every movie actress you have seen has lovely hair, while the most popular count their curls as their chief beauty? In fact, many are leading ladies just because of their attractive looks. Inquiry among them discloses the fact that they bring out all the natural beauty of their hair by careful shampooing, and with any soap or makeshift lather with a simple mixture by putting a teaspoonful of canthorin (which they get from the druggist) in a cup of hot water and applying this instead of soap.

This full cup of shampoo liquid is enough so it is easy to apply it to all the hair instead of just the top of the head. After its use, the hair dries rapidly with uniform color. Dandruff, excess oil and dirt are dissolved and entirely disappear. The hair is so fluffy that it looks much heavier than it is, its luster and softness are delightful.—Adv.

A patent has been granted to a Chicago man for a "stems racket press" that also serves as a cover.

### Abe Martin

(Copyright National Newspaper Service)

Now that we've all got a pretty fair idea of what a mustache means, let's have some done on what is operator's make. A hustler never knows what time it is.

## JUST SEE HOW POSAM HELPS SKIN OVERNIGHT

Poslam soothes, refreshes and heals suffering skin, with never a possibility of harm. A brief experience with Poslam will prove its value. For instance, apply a little on some affected part at night. In the morning, your own eyes find evidence of its healing work. If the trouble was slight—a pimple or inflamed spot—the chances are that it has disappeared. If a violent eruption disorder, it should be subdued, so much so that you will want Poslam to keep right on.

Sold everywhere. For free sample write to Emergency Laboratories, 219 West 47th St., New York City.

Poslam Soap is a daily treat to tender skin. Contains Poslam.—Adv.

## SAYS WATER HURT HIS STOMACH BUT SUFFERS NO MORE

Lancaster, Pa., Nov. 4.—All sufferers from stomach and bowel complaints will be interested in the following statement made by Edward A. Hood, 308 E. Main St.

"About a year ago I was knocked out with my stomach. After eating I would feel sick, drowsy, bloated and get very nervous and shaky. I couldn't even drink water without vomiting. My stomach was so inflamed, I took some of Dr. Farber's treatment and felt better, right away. I recommend it to all with stomach trouble. This wonderful treatment is sold in all parts of Ohio, and guarantees to relieve or your dollar refunded. Sold by all druggists."

## AH! DELICIOUS EPSOM SALTS

Old, nasty metallic taste is all gone now

Instead of asking for the common Epsom Salts, ask for Epsomate Salts hereafter. You will get a big package for only 15 cents. Epsomate Salts looks and acts exactly like Epsom Salts, because it is Epsom Salts combined with fruit derivatives thus making a sparkling, effervescent, lemonade-like drink for the liver and bowels. Take a tablespoonful of this delicious Salts in a glass of cold water when you feel bilious, sick, headachy or constipated and get the quick and splendid action of a dose of Epsom Salts without the horrible taste.

Epsomate Salts will replace the old Epsom Salts, Rochelle Salts, Sodium Phosphate and Cathartic Pills in every home, say local druggists. (Adv.)

## VIGOROUS MEN AND WOMEN ARE IN DEMAND

If your ambition has left you, your happiness has gone forever unless you take advantage of T. J. Evans' magnificent offer to refund your money on the first box purchased if Wendell's Ambition Pills do not put your entire system in fine condition and give you the energy and vigor you have lost.

Be ambitious, be strong, be vigorous. Bring the ruddy glow of health to your cheeks and the right sparkle that denotes perfect manhood and womanhood to your eyes.

Wendell's Ambition Pills, the great nerve tonic, are splendid for that tired feeling, nervous troubles, poor blood, headaches, neuralgia, restlessness, trembling, nervous prostration, mental depression, loss of appetite and kidney or liver complaints.

You take them with this understanding that in two days you will feel better. In a week you will feel fine, and after taking one box you will have your old time confidence and ambition or the druggist will refund the price of the box.

Be sure and get a 50 cent box today and get out of the rut. Remember T. J. Evans and dealers everywhere are authorized to guarantee them.

## Mag Rhu

**STOPS STOMACH TROUBLE.** Guaranteed to relieve acid stomach, nervous indigestion, heart palpitation, constipation, stomach pains, dizziness, sleeplessness.

Sold at Evans' Cut Rate Drug Store and at all other druggists or send \$1.00 to Mag Rhu Co., Pittsburgh, Pa., and a box will be sent postpaid. State if you want Tablets or Powder. Dollar refunded if you do not get results.

Grange to Elect Officers.

The annual election of officers of  
Franklin Grange will be held Thurs-  
day evening.

**Will Open Restaurant.**

A frame structure is being erected  
between the Park National bank and the  
confectionary stand, for a restaur-  
ant. The restaurant will be operated  
by George Roller.

**Opens New Beauty Parlor.**

Mrs. Alta McDowell will open a new  
beauty shop in Granville on Friday of  
this week. The opening will continue  
over Saturday.

**New Front Installed.**

An attractive front has been install-  
ed in the Hermann clothing store. It  
is unusual in design.

**On Auto Trip South.**

Mr. and Mrs. C. V. Haskell of Ar-  
lington avenue and Mr. Haskell's father,  
George E. Haskell of Norwalk, O.,  
have just started on an auto trip to  
Palm Beach, Fla., and will stop off at  
many points of interest. C. V. Haskell  
expects to continue with the Delco  
Light company while in the south this  
winter.

**Birth Announcement.**

Mr. and Mrs. Byron Ashbrook of  
Johnstown announce the birth of a  
daughter at Mt. Carmel hospital, Co-  
lumbus, Monday evening. Mrs. Ash-  
brook was formerly Miss Helen Wright.

**Birth Announcement.**

Mr. and Mrs. J. A. Ford, Water and  
Hill streets in the South End, announce  
the birth of a daughter, born Saturday.

**ENGLISH PUG GETS MATCH.**

Chicago, Nov. 18.—Jimmy Wilde,  
British flyweight champion, who re-  
cently arrived in New York, will make  
his first American appearance in the  
ring against Joe Sharkey, of New York,  
on December 6 at Milwaukee. If plans  
announced today by Otto Borchert, pre-  
sident of an athletic club of Milwaukee,  
had agreed to fight before his club  
are carried out, Borchert said Wilde  
for \$11,000 and that Sharkey, whom he  
had selected to meet the Britisher, had  
consented to make 110 pounds at 3  
o'clock on the afternoon of the pro-  
posed 10 round bout.

## RAIL BROTHERHOODS CONTINUE CONFERENCE

Cleveland, Nov. 18.—The four brother-  
hood chiefs continued in conference  
today to consider routine matters and  
to plan further details in connection  
with the joint meeting here next Mon-  
day of their general chairman to con-  
sider Director General Hines' offer of  
a new method of overtime payment.  
The chief for the joint conference was  
telegraphed to the 500 chairmen by  
the brotherhood chiefs after an all day  
discussion of the proposal.  
The calling of the meeting, it was  
said, was to obtain an expression from  
the membership on the proposed scheme.  
That they will also consider demands  
for general wage increases, which al-  
ready have been made by two of the  
brotherhoods, is possible, according to  
W. C. Lee, president of the team.  
Mr. Lee Warren Stone of the engi-  
neers, Timothy Shea of the firemen  
and Enginemen, and L. E. Sheppard  
of the Conductors, attended today's  
meeting.

## SEVEN KILLED WHEN TRAIN HITS AUTO

Buffalo, N. Y., Nov. 18.—Seven occu-  
pants of an automobile including six  
nurses returning from a social affair,  
were killed when the car was struck by  
a train at a grade crossing on the out-  
skirts of the city early today.  
The dead are William Mummery, his  
daughter, Doris Mummery, and Fannie  
Breeze, of Buffalo; Myrtle Hodgins, St.  
Catharines, Ontario; Jennie McMillan,  
Taystock, Ontario; Myrtle Nunn, Pen-  
wick, Ontario, and Jean Scott, Galt,  
Ontario.  
The women were nurses at the Homeo-  
pathic hospital.  
A freight train held the machine at  
the crossing. As soon as the last car  
of freight cleared the crossing, Mum-  
mery sent his machine ahead, unaware  
that a passenger train was approaching  
on the next track.  
The pilot of the engine caught the  
automobile and carried it down the track  
a quarter of a mile, spilling the occu-  
pants and crushing them to death.

## MARRIED AUGUST 18 WIFE ASKS ALIMONY

Emma Rosetta Robison, through her  
attorney L. G. Smythe has filed a  
petition in common pleas court against  
Alva Robison and the Pataskala Bank-  
ing company in which she asks that  
she be awarded permanent alimony  
and that her husband be enjoined from  
disposing of or encumbering any of his  
property or collecting any moneys due  
him on deposit by the Pataskala bank.  
The petition recites that they were  
married Aug. 22, 1918, and that since  
that time defendant has frequently as-  
saulted her and struck her in the face  
with his hand, and that on Nov. 14 last,  
he assaulted plaintiff and struck her  
in the face with his fist that he  
knocked her down and ordered her to  
leave home, threatening to kill her.  
She states that he owns 130 acres of  
land in Jersey and Lima townships,  
worth from \$140 to \$150 per acre, has  
a number of Liberty bonds and money  
on deposit in the Pataskala bank.

## PENNSY MINES IDLE WANT NEW AGREEMENT

Pittsburgh, Nov. 18.—Central and  
western Pennsylvania coal mines were  
for the most part idle today and ac-  
cording to both representatives of the  
operators and the union, the outlook for  
an immediate resumption of operations  
is not bright. Union miners of the  
two fields have announced they cannot  
go back to work until a new wage  
scale has been signed.

## FOOD PRICES HIGHER IN SPITE OF PROBES

Washington, Nov. 18.—Prices of  
many articles of food increased in  
August but in most cities food prices  
showed declines. A report today by  
the bureau of labor statistics listed in-  
creases as follows:  
Eggs and rice 6 per cent each; pota-  
toes and raisins 4 per cent; evaporated  
milk, coffee and butter 3 per cent;  
pork chops, butter, corn meal,  
rolled oats, navy beans and sugar 2  
per cent, and canned salmon, oleomar-  
garine, cheese, bread, macaroni and  
oranges 1 per cent. Ham, margarine  
and tea showed an increase of less  
than 5-10th of 1 per cent.

## HOUSE PROBES DELAY IN DEPORTING ALIENS

Washington, Nov. 18.—An inquiry  
into reported delays in deporting aliens  
held at Ellis Island will be opened in  
New York Friday by the house immi-  
gration committee. Chairman Johnson  
said today the committee planned to  
have legislation framed by the opening  
of the regular session of congress for  
the consolidation of government activi-  
ties so as to clean up the alien reds  
in this country.  
At a legislative meeting a committee  
discussion of transferring the deporta-  
tion activities from the department of  
labor to the department of justice and  
tomorrow members will confer inform-  
ally with Attorney General Palmer and  
other government officials.

## NAVY RECRUIT SOON WINS PROMOTION

Robert E. Madden of 91 East Church  
street who recently enlisted in the  
navy has already received a promotion.  
Madden enlisted Oct. 2, 1919 as an  
apprentice seaman at a salary of  
\$32.60 a month. He has been made a  
seaman second class and receives  
\$35.90. The money is exclusive of his  
clothes, food and medical attention.

## HEALTH DEPT. EMPLOYEES UNPAID SINCE SEPT. 30

While the police and firemen are be-  
lieving the failure of the "ghost to  
walk" or the arrival of pay checks,  
other city officials are also beginning  
to feel a bit "ghostly" over lack of pay.  
The city health department has been  
without payment of salaries since Sep-  
tember, and claims that the policemen  
and firemen have had a pay since they  
have.

## "VERBOTEN"

Don't shock your Liver and  
Bowels, but take  
"Cascarets."

Cascarets end biliousness, headache,  
colds and constipation so gently you're  
never even inconvenienced. There is no  
gripping and none of the explosive after-  
effects of cathartics like Calomel, Salts,  
sickening Oil or cramping Pills. To-  
night take Cascarets and get rid of the  
bowel and liver poison which is  
keeping you miserable and half sick.  
Cascarets cost so little and they work  
while you sleep.

The Newark Division of the Balti-  
more and Ohio railroad will hold their  
annual ball at the K. of P. hall on  
Tuesday, November 18th. Dancing 8  
to 12. 11-17-21

## LUCK

In Times of Stress and  
Emergency, Is a Poor  
Thing To Rely Upon. Re-  
serve Money Is Better.

1. Success is not a matter of chance.
2. But rather the result of work.
3. And economical habits.
4. Therefore save money. Invest it carefully.
5. No better place to do that
6. Than The Ducky State Building and Loan Co., Rankin Bldg., 23 West Gay street.
7. One of the largest, strongest and best-known savings institutions in Ohio.

## When You Buy A "Wooltex" Coat

You can be assured you are getting not only dependable fabrics, but also the latest styles and the finest tailoring.

**THIS WINTER THE DRESSIER COATS**

**FAVOR RICH, SOFT MATERIALS**

Do you remember when winter coats used to be made of thick, bulky materials that seemed necessary to keep out the cold? But this is a winter of soft, luxurious fabrics that will keep you just as snugly warm and perhaps even more so and at the same time are so much lovelier and more pleasing to wear. And not to be overlooked, are the handsome linings—these add much to the attractiveness of the season's styles, which remain straight and slender, in spite of the fact that they are still warm and roomy.

You have seen many choice Wooltex models illustrated in the various magazines. We want you to come in and see the many attractive models among our Wooltex Coats—see for yourself what the Wooltex label stands for—style, fabric and tailoring.

The newest fashion notes are shown in all the Betty Wales Dresses which we are displaying. Come in and see them.

**Betty Wales Dresses**

Every woman is thinking dresses. Whether for the street, the house or for evening, every woman will want at least one new dress, and that one should be a BETTY WALES. We can show you smartly tailored serges, with touches of embroidery or groups of tuckings or taffetas with gaily draped skirts, or if you want a handsome evening gown, we have it with a BETTY WALES label sewed in it.

## When You Want a Middy

that is different, and embodies all possible style, excellent material and careful workmanship, ask for

**A JACK TAR MIDDY**

Cool days and warm Middies are a combination that makes for comfort. They are here in serge, in flannel and the wash fabrics that are used by many all through the winter.

## YOUNG WOMAN WOULD RIVAL "OLD RIP" NOW

"I Think I Could Sleep for a Week, Since Using Trutona," She Declares.

Portsmouth, Ohio, Nov. 12.—"I believe I could sleep for a week if no one called me and so think before I took Trutona, I could hardly sleep at all," Miss Pearl Lewis, a well known Portsmouth young woman who lives at 501 West Market street, said recently. "Constipation, nervousness and derangement of the kidneys was the source of my troubles," she continued. "Invariably after eating any heavy food I would feel bloated. I was so restless I could hardly sleep at nights. My kidneys pained me at times. Trutona has done me so much good, although I have been taking it for only several days. It is certainly a fine laxative, so mild and gentle in action and it has given me relief from my kidney trouble, too. My nerves are much steadier and, as I said, I believe I could sleep for a week now. The trouble I formerly had with my stomach is a thing of the past. I can eat anything I want to now and don't suffer the former bad after effects. I think Trutona is the best tonic I have ever taken and I'm sure it will help anyone troubled as I was."

Trutona has been the recipient of praise from thousands of weakened and run-down men and women, to whom the perfect tonic has restored perfect health. As a combatant of stomach, liver and bowel troubles, nervousness, sleeplessness and the like, Trutona is peerless. Trutona is equally as efficient in overcoming after effects of pneumonia, influenza, deep colds and the like.

Trutona is now being introduced and explained in Newark at Erman's Arcade Drug Store.—Adv.

## REMARKABLE DISCOVERY

Simple Home Preparation to Ward Off Spanish Influenza, Pneumonia and Winter Ills.

During last fall and winter the discovery was made that the most successful treatment in many instances was to take a steaming hot cupful of Eulgarin Blood Tea with the juice of half a lemon. The entire system responds to the increased blood circulation. Fatal poisons are eliminated from the bowels and the kidneys are flushed of all impurities. Don't take a single chance against colds, grippe, flu, pneumonia. Get a box today. At all druggists. If your druggist is out of it you should have it at once—quick shipment by insured mail. Send 65 cents for a two month supply, or \$1.25 for a large family five months' supply. Address: Marvel Products Co., sole manufacturers of Eulgarin Blood Tea, Marvel Building, Pittsburgh, Pa.—Adv.

## WHY SUFFER WITH COLDS?

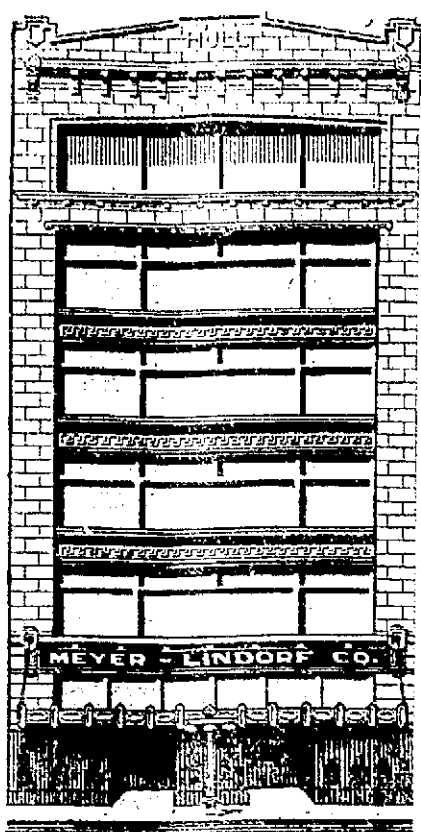

This Combination Masters Them Completely in a Short Time.

Many days of sickness and anxious night might be saved if you keep at hand Duffee's Cough Syrup and Duffee's Fifty-Fifty Tonic Laxative Tablets. Take them when the first symptoms of a cold manifest themselves. Don't wait until your system is weakened. Don't let a child suffer from a cold. It isn't necessary for Duffee's Cough Syrup will break up an obstinate cold quickly, relieve the cough and allay the irritation. That's why it has been a standby for thirty years. Harmless because it contains no minerals or opiates; effective because it is scientific and sure. Ask your druggist or grocer for a bottle today.—Adv.

## TOBACCO HABIT DANGEROUS

says Doctor Connor, formerly of Johns Hopkins hospital. Thousands of men suffering from fatal diseases would be in perfect health today were it not for the deadly drug Nicotine. Stop the habit now before it's too late. It's a simple process to rid yourself of the tobacco habit in any form. Just go to any up-to-date drug store and get some Nicotol tablets, take them as directed and in the pernicious habit quickly vanishes. Druggists refund the money if they fail. Be sure to read large and interesting announcement by Doctor Connor soon to appear in this paper. It tells of the danger of the nicotine poison and how to avoid it. In the meantime try Nicotol tablets; you will be surprised at the result.—Adv.

## ST. JOHN'S CHURCH RAISE \$4500 QUICKLY

Members of St. John's Evangelical church, Fifth and Poplar avenue, are successfully carrying out their campaign to raise \$4000 needed to liquidate the church indebtedness and finance certain improvements contemplated at the church.

More than \$4,500 was pledged during the few days the campaign was conducted and a number of members solicited promised pledges at a later date. The entire membership of 350 was not solicited because of the consideration of those in charge of the campaign for those members not able to make donations, and a number of outside donations were refused.

Of the 150 members visited, 105 made pledges at the present time, some preferring to wait until a later date. The average pledge was almost \$45. Practically one-half of the pledges have already been paid, the remainder to be paid by February 1. It was stated that in spite of the fact that the sum realized in the campaign will be used to liquidate the indebtedness and to make improvements upon the church property, that the congregation is well on the road toward contributing more for benevolent purposes than ever before.

Wm. E. Miller acted as chairman of the campaign. He was assisted by the following members of the congregation: George Hermann; Phil. Vogelmeier; Henry Pfeiffer; Wm. Weipert; Carl Storch; H. P. Siegel; Wm. Dierkes; Theo. Zvermann; Henry Vogelmeier; G. Schoeller; Wm. Glaunsinger and by the pastor of the congregation Rev. Emil N. Kraft.

Grand Rapids: Mr. and Mrs. Thomas Westerhof discover that the casket that is supposed to contain the body of their soldier son killed in Russia, contains body of another soldier. The war department was notified of error.

WOMEN PICKET ARRESTED. Youngstown, Nov. 12.—The arrest of a woman picket who threw herself prostrate before the horses of mounted police at a mill gate here today was at most the only incident of disorder as

the morning shift of workmen entered the plants. The heavy picketing of yesterday when hundreds of strikers gathered at mill entrances was so noticeably diminished despite strike headquarters' announcement of a "picketing drive" for this week.
